Ina May's Guide to Childbirth

Updated With New Material *Bantam*

What you need to know to have the best birth experience for you. Drawing upon her thirty-plus years of experience, Ina May Gaskin, the nation's leading midwife, shares the benefits and joys of natural childbirth by showing women how to trust in the ancient wisdom of their bodies for a healthy and fulfilling birthing experience. Based on the female-centered Midwifery Model of Care, Ina May's Guide to Natural Childbirth gives expectant mothers comprehensive information on everything from the all-important mind-body connection to how to give birth without technological intervention. Filled with inspiring birth stories and practical advice, this invaluable resource includes:• Reducing the pain of labor without drugs--and the miraculous roles touch and massage play • What really happens during labor • Orgasmic birth--making birth pleasurable • Episiotomy--is it really necessary? • Common methods of inducing labor--and which to avoid at all costs • Tips for maximizing your chances of an unmedicated labor and birth • How to avoid postpartum bleeding--and depression • The risks of anesthesia and cesareans--what your doctor doesn't necessarily tell you • The best ways to work with doctors and/or birth care providers • How to create a safe, comfortable environment for birth in any setting, including a hospital • And much more Ina May's Guide to Natural Childbirth takes the fear out of childbirth by restoring women's faith in their own natural power to give birth with more ease, less pain, and less medical intervention.

Ina May's Guide to Breastfeeding *Bantam*

Shares practical recommendations for rendering nursing a mutually beneficial experience, covering topics that range from breast pumps and sleeping arrangements to nursing multiples and returning to work.

Spiritual Midwifery *Book Publishing Company (TN)*

The classic book on home birth. Stories of the experiences of parents and midwives during the birth process plus a technical manual for midwives, nurses, and doctors. Includes information on prenatal care and nutrition, labor, delivery techniques, care of the new baby, and breast-feeding.

Birth Matters

A Midwife's Manifesta *Seven Stories Press*

Renowned for her practice's exemplary results and low intervention rates, Ina May Gaskin has gained international notoriety for promoting natural birth. She is a much-beloved leader of a movement that seeks to stop the hyper-medicalization of birth—which has lead to nearly a third of hospital births in America to be cesarean sections—and renew confidence in a woman's natural ability to birth. Upbeat and informative, Gaskin asserts that the way in which women become

mothers is a women's rights issue, and it is perhaps the act that most powerfully exhibits what it is to be instinctually human. Birth Matters is a spirited manifesta showing us how to trust women, value birth, and reconcile modern life with a process as old as our species.

The Natural Pregnancy Book, Third Edition

Your Complete Guide to a Safe, Organic Pregnancy and Childbirth with Herbs, Nutrition, and Other Holistic Choices *Ten Speed Press*
A revised and updated edition of the classic handbook for women seeking a safe, organic, eco-friendly, and natural pregnancy, featuring an integrative-based approach with new medical, herbal, and nutritional information. Over the last two decades, The Natural Pregnancy Book has ushered thousands of women through happy and healthy pregnancies. Addressing women's health from conception to birth, Dr. Romm describes herbs that can promote and maintain a healthy pregnancy, and allays such familiar concerns as anxiety, fatigue, morning sickness, and stretch marks. She also discusses the components of a healthy diet, with an emphasis on natural foods. New to this edition is integrative health advice based on Dr. Romm's new credentials as a Yale-trained physician, combined with her twenty years of experience as a midwife and herbalist.

WOMANLY ART OF BREASTFEEDING THE.

Orgasmic Birth

Your Guide to a Safe, Satisfying, and Pleasurable Birth Experience *Rodale Books*
Based on the hit documentary that inspired a vibrant online community, this innovative approach to birthing shows women how to maximize childbirth's emotional and physical rewards. With more than 4 million babies born in the United States each year, too many women experience birth as nothing more than a routine or painful event. In her much-praised film Orgasmic Birth, acclaimed filmmaker

Debra Pascali-Bonaro showed that in fact childbirth is a natural process to be enjoyed and cherished. Now she joins forces with renowned author and activist Elizabeth Davis to offer an enlightening program to help women attain the most empowering and satisfying birth experience possible. While an orgasmic birth can, for some, induce feelings of intense, ecstatic pleasure, it is ultimately about taking control of one's own body and making the most informed decisions to have a safe, memorable, and joyful birth day. Whether women choose to give birth at home, in a hospital, or in a birthing center, Orgasmic Birth provides all the necessary tools and guidance to design the birth plan that's best for them. Featuring inspiring stories from mothers and their partners and filled with practical advice and solutions, this one-of-a-kind resource is the next frontier of natural, intimate childbirth.

Spiritual Midwifery *Book Publishing Company*
Shares the birthing stories of women who chose to have their babies at home with the help of a midwife, provides information about the safety of techniques used in the hospital before and after birth,discusses postpartum depression and maternal death, and includes resources for doulas, birth centers, and other organizations.

Natural Childbirth the Bradley Way

Revised Edition *Penguin*
The classic guide to an unmedicated childbirth, fully revised for the twenty-first century—with updated information and attractive new illustrations and photos throughout. For women birthing vaginally, 90% of Bradley births are drug-free! The Bradley Method®, used and praised by women for almost seventy years, prepares you for drug and surgery-free childbirth and puts you in control by providing the tools to navigate evidence-based care. Certified childbirth educator Susan McCutcheon, one of Dr. Bradley’s first students, now makes this natural approach to childbirth more accessible than ever. You will learn: • Exercises and nutrition to get your body ready for birthing • To defuse fear by understanding all aspects of laboring • How to involve your partner as a birth coach and a fully engaged participant • What’s driving the induction epidemic and how to avoid an unnecessary induction • What’s driving the cesarean surgery epidemic and how to reduce your risk • How to get the information you need to make informed decisions about your birth “The Bradley Method’s simple objective, through relaxation, breathing, and visualization, is a birth free of the interventions frequently offered to women in the different stages of childbirth: fetal monitors, drug-induced labor, anesthesia, episiotomy, and Caesarean section. (Its) other defining feature, the husband’s active participation in the delivery, is critical to this overall goal of an intervention-free birth.”—Mothering

Birth Partner 5th Edition

A Complete Guide to Childbirth for Dads, Partners, Doulas, and All Other Labor Companions *Harvard Common Press*
Since the original publication of The Birth Partner, partners, friends, relatives, and doulas have relied on Penny Simkin's guidance in caring for the new mother, from her last trimester through the early postpartum period. Now fully revised in its fifth edition, The Birth Partner remains the definitive guide to helping a woman through labor and birth, and the essential manual to have at hand during the event. The Birth Partner includes thorough information on: Preparing for labor and knowing when it has begun Normal labor and how to help the woman every step of the way Epidurals and other medications for labor Pitocin and other means, including natural ones, to induce or speed up labor Non-drug techniques for easing labor pain Cesarean birth and complications that may require it Breastfeeding and newborn care and much more For the partner who wishes to be truly helpful in the birthing room, this book is indispensable.

Birth Skills

Proven pain-management techniques for your labour and birth *Allen & Unwin*
Even after reading countless pregnancy books I still didn't understand what my labour would be like. All I really knew was it would be painful and scary. Then my obstetrician suggested I take Juju Sundin's birth skills classes. Juju gave me the knowledge to understand my body during labour and taught me about the physiology of pain and how to use her techniques to deal with it. - Sarah Murdoch If you're like most women, you'll go into labour with little knowledge of exactly what your body is doing and why, and how you can actively manage the pain and stay in control while helping your body do what it's designed to. That's where Birth Skills comes in, a step-by-step guide packed with information plus easy-to-learn, proven pain management skills. In Birth Skills, obstetric physiotherapist Juju Sundin shares the techniques she has pioneered over her 30-year career, while Sarah Murdoch takes you on a personal journey of her own labour and birth, describing how she learned the skills in the class then applied them on the big day. Whether it's your first baby or lucky last, you will learn: * how your body works in labour and why * how to turn fear into positive action so you stay in control * how to use movement, breathing, vocalisation, visualisation, keywords and other handy techniques * what to wear, what to take, and what questions to ask * how your partner can help, and working as a team * other women's experiences using Juju's techniques. Birth is all about the bigger picture -- educating and empowering yourself, giving it a try, doing it your way, and a healthy mother and baby. - Juju Sundin

Sacred Pregnancy

A Loving Guide and Journal for Expectant Moms *North Atlantic Books*

In today's western cultures, the typical pregnancy focuses on the baby to the exclusion of the woman herself, so that the entire experience has become more about preparing for the baby's arrival than looking closely at oneself to prepare emotionally for all of the changes that creating a new life brings. Sacred Pregnancy was written to help the pregnant woman journey within herself to prepare for the birth of her baby. Sacred Pregnancy is a gorgeous four-color book especially created for mothers-to-be to reflect on the many personal milestones of the full gestation period of a pregnancy. With beautiful professional photos that correspond to each topic, Sacred Pregnancy also features a journal space for the pregnant woman to record her thoughts and feelings. Each week the mother-to-be is given information on her baby, her body, and her spirit and is asked to reflect on these via the topic of the week, which touches on a variety of issues such as sexuality, fears about labor, becoming a mother, courage, rite of passage, adornment, body image, meditation, and sisterhood to name a few. Mothers-to-be are invited to look deeply at the issues unique to their journey and find a centered, peaceful place to live their pregnancy fully. Lastly, Sacred Pregnancy includes place for the new mother to record her birth story and a large resource section on various birthing options and supports for pregnant women. "From the spiritual (how to visualize your perfect birth) to the practical (a large section on birthing options), this pregnancy journal is a spiritual adviser and supportive doula all in one." —Fit Pregnancy magazine For more information, visit the Sacred Pregnancy website.

Joyous Childbirth Changes the World *Seven Stories Press*

"No matter how science has progressed, childbirth, in essence, has remained unchanged from ancient times . . . [It] is the last natural process left to us," writes internationally lauded obstetrician Dr. Tadashi Yoshimura. "The fact that it has remained unchanged means that there is truth in it." The truth and power of birth is the subject of Dr. Yoshimura's first book published in the United States. Yoshimura describes babies born so directly into the arms of their mothers that they do not cry, and women so transformed with pride and passion in their ability that they are joyous and forever changed. Instead of a medical emergency, Yoshimura describes birth as a transcendent and natural process that cannot be perfected, and that, when performed through the innate power of women, reveals what he calls a "mystic beauty." Full of delightful stories of birthing women and peaceful smiling infants, and helpful tips from his childbirth preparation program, Joyous Childbirth Changes the World is a must-read for all expectant parents and those who care for them. Yoshimura's clinic serves as a testament to the kind of compassionate birth culture that is possible if we prioritize the health and experience of women and babies.

Push Back

Guilt in the Age of Natural Parenting *HarperCollins*

A Harvard-trained obstetrician-gynecologist, prominent blogger, and author of the classic How Your Baby Is Born delivers a timely, important, and sure to be headline-making expose that shines a light on the natural parenting movement and the multimillion-dollar industry behind it. The natural parenting movement praises the virtues of birth without medical interference, staunchly advocates breastfeeding for all mothers, and hails attachment parenting. Once the exclusive province of the alternative lifestyle, natural parenting has gone mainstream, becoming a lucrative big business today. But those who do not subscribe to this method are often made to feel as if they are doing their children harm. Dr. Amy Tuteur understands their apprehensions. "Parenting quickly feels synonymous with guilt. And of late, there is no bigger arena for this pervasive guilt than childbirth." As a medical professional with a long career in obstetrics and gynecology and as the mother of four children, Tuteur is no stranger to the insurmountable pressures and subsequent feelings of blame and self-condemnation that mothers experience during their children's early years. The natural parenting movement, she contends, is not helping them raise their children better. Instead, it capitalizes on their uncertainty, manipulating parents when they are most vulnerable. In Push Back, she chronicles the movement's history from its roots to its modern practices, incorporating her own experiences as a mother and successful OB-GYN with original research on the latest in childbirth science. She also reveals the dangerous and overtly misogynistic motives of some of its proponents—conservative men who sought to limit women's control and autonomy. As she debunks, one by one, the guilt-inducing myths of natural birth and parenting, Dr. Tuteur empowers women to embrace the method of childbirth that is right for them, while reassuring all parents that the most important thing they can do is love and care for their children.

Gentle Birth, Gentle Mothering

A Doctor's Guide to Natural Childbirth and Gentle Early Parenting Choices *Celestial Arts*

An authoritative guide to natural childbirth and postpartum parenting options from an MD who home-birthed her own four children. Sarah Buckley might be called a third-wave natural birth advocate. A doctor and a mother, she approaches the question of how a woman and baby might have the most fulfilling birth experience with respect for the wisdom of both medical science and the human body. Using current medical and epidemiological research plus women's experiences (including her own), she demonstrates that what she calls "undisturbed birth" is almost always healthier and safer than high-technology approaches to birth. Her wise counsel on issues like breastfeeding and sleeping during postpartum helps extend the gentle birth experience into a gentle parenting relationship.

Baby Catcher

Chronicles of a Modern Midwife *Simon and Schuster*

A former nurse chronicles her journey into midwifery, from her dissatisfaction with formulaic delivery

room procedures in the 1960s to her eventual career as a "baby catcher," and chronicles her diverse birth experiences, the women she has encountered along the way, and role of midwifery in the United States. Reprint.

Raising Girls Who Like Themselves *Random House Australia*

When you raise a girl who likes herself, everything else follows. She will strive for excellence because she has faith in her ability to achieve it and the confidence to pick herself up. She will nurture her physical and mental health because it's natural to care for something you love. She will insist on healthy relationships because she believes she deserves nothing less. She will be joyful and secure, knowing that her greatest friend and most capable ally is herself. Raising Girls Who Like Themselves details the seven qualities that enable girls to thrive and arm themselves against a world that tells them they are flawed. Packed with practical, evidence-based advice, it is the indispensable guide to raising a girl who is happy and confident in herself. Free of parental guilt and grounded in research, Raising Girls Who Like Themselves is imbued with the warmth and wit of a mum and dad who are in the same parenting trenches as you, fighting for their daughters' futures.

Give Birth Like a Feminist *HarperCollins UK*

As featured on BBC Radio 5 Live Birth is a feminist issue. It's the feminist issue nobody's talking about.

Hypnobirthing

Practical Ways to Make Your Birth Better *Hachette UK*

THIS BOOK WILL MAKE YOUR BIRTH BETTER. IT IS FOR EVERY WOMAN AND EVERY TYPE OF BIRTH. AS FEATURED ON DRAGONS' DEN. 'Siobhan manages to completely demystify hypnobirthing, making it accessible and relevant to all women and all births. This book will be a complete game changer and I will be recommending it to mums-to-be from now on' Sarah Turner, author of The Unmumsy Mum Expert hypnobirthing teacher and founder of The Positive Birth Company Siobhan Miller has made it her mission to change the way women around the world approach and experience birth. Through her teaching she seeks to educate and empower women - and their birth partners - so that they can enjoy amazing and positive birth experiences, however they choose to bring their babies into the world. In this book, Siobhan debunks common myths about hypnobirthing and explains why she believes it can make every type of birth a better experience - from a water birth at home to an unplanned caesarean in theatre. So, what is hypnobirthing? Essentially, it's a form of antenatal education, an approach to birth that is both evidence-based and logical. Hypnobirthing certainly doesn't involve being hypnotised; instead, it teaches you how your body works on a muscular and hormonal level when in labour and how you can use various relaxation techniques to ensure you are working with your body (rather than against it), making birth more efficient and comfortable. Siobhan's advice and guidance will change your mindset and enable you to navigate your birth with practical tools that ensure you feel calm and in control throughout. By the time you finish this book you'll feel relaxed, capable and genuinely excited about giving birth.

The Birth Book

Everything You Need to Know to Have a Safe and Satisfying Birth *Little, Brown Medical Division*

Gives expectant parents an overview of the options available, offering up-to-the-minute advice on such matters as physical and emotional preparation, the father's role, avoiding a cesarean birth, and other information

Birthing from Within

"Giving birth is the pivotal moment of a woman's life but it is often treated as a medical procedure, and not as a rite of passage. Birthing from Within offers parents engaging and memorable ways for pregnant women, and their partners, to activate personal, social and spiritual resources that will guide them through labour and afterwards. Many birth classes teach from the 'outside', from the perspective of the professional. Yet, knowledge of anatomy and the stages of labour can often seem irrelevant in the intensity of contraction. The pregnant woman needs to know about labour and birth from her own perspective, she needs to be prepared for birthing from within. Pam England offers a method that allows a woman to fully understand her own strengths and resources. The self-discoveries made during pregnancy makes birth life-enhancing and empowers the future of the family. It is a multi-sensory and holistic approach that aims to make parents feel positively informed about what they are about to experience, confident about the birth of their child. Pain is an inevitable part of childbirth but Birthing from Within provides resources for building pain-coping confidence in parents. It gives detailed instructions on dealing with normal labour pain and when the humane use of drugs may be called for."--Cover.

Breastfeeding Made Simple

Seven Natural Laws for Nursing Mothers *New Harbinger Publications*

The Definitive Guide to Breastfeeding Your Baby Breastfeeding may be natural, but it may also be more challenging than you expect. Some mothers encounter doubts and difficulties, from struggling with the first few feedings to finding a gentle and loving way to comfortably wean from the breast. This second edition of Breastfeeding Made Simple is an essential guide to breastfeeding that every new and expectant mom should own-a comprehensive resource that takes the mystery out of basic breastfeeding dynamics. Understanding the seven natural laws of breastfeeding will help you avoid and overcome challenges such as low milk production, breast refusal, weaning difficulties, and every other obstacle that can keep you from enjoying breastfeeding your baby. Breastfeeding Made Simple will help you to: Find comfortable, relaxing breastfeeding positions Establish ample milk production and a satisfying breastfeeding rhythm with your baby Overcome discomfort and mastitis Use a breast pump to express and store milk Easily transition to solid foods

Dr. Jack Newman's Guide To Breastfeeding, Revised Edition

Revised Edition *Harper Collins*

Breastfeeding is the natural and healthy way to nourish your baby, yet it's not always easy. New mothers need practical information about getting off to a good start and solving breastfeeding challenges. Health professionals need this information too, because it is rarely taught in medical school. Dr. Jack Newman's Guide to Breastfeeding covers the most common problems and questions that mothers encounter: How do I help my baby to get a good latch How can I know if my baby is getting enough milk How can I help him get more? Can I avoid sore nipples? Will my medication affect my baby? How do I fit breastfeeding into my life when I'm so busy? The answers are here. Dr. Jack Newman and Teresa Pitman are two of the foremost lactation experts in Canada and have

helped tens of thousands of new mothers find solutions that work. In this comprehensive guide, they share the most current information about breastfeeding and provide new, effective strategies and solutions to make breastfeeding work for you.

The Thinking Woman's Guide to a Better Birth *Penguin*

As an intelligent woman, you are probably used to learning as much as you can before making major decisions. But when it comes to one of the most important decisions of your life--how you will give birth—it is hard to gather accurate, unbiased information. Surprisingly, much of the research does not support common medical opinion and practice. Birth activist Henci Goer gives clear, concise information based on the latest medical studies. The Thinking Woman's Guide to a Better Birth helps you compare and contrast your various options and shows you how to avoid unnecessary procedures, drugs, restrictions, and tests. The book covers: Cesareans Breech babies Inducing labor Electronic Fetal Monitoring Rupturing Membranes Coping with slow labor Pain medication Episiotomy Vaginal birth after a Ceasarean Doulas Deciding on a doctor or midwife Choosing where to have your baby and much more . . .

HypnoBirthing, Fourth Edition

The Natural Approach to Safer, Easier, More Comfortable Birthing - The Mongan Method, 4th Edition *Health Communications, Inc.*

Takes the pregnant woman through the techniques and philosophy of a new form of gentle birthing. This work draws on self-hypnosis, guided imagery and special breathing techniques the hypnobirthing method can bring about an easier birth, free of the drugs that can harm the mother and the baby.

SOME OF THE BENEFITS OF MINDFUL BIRTHING: Increases confidence and decreases fear of childbirth Taps into deep inner resources for working with pain Improves couple communication, connection, and cooperation Provides stress-reducing skills for greater joy and wellbeing

Gentle Birth Choices *Simon and Schuster*

Birth as every woman would like it to be • Recommended by Lamaze International as one of the top ten books for pregnant women and their families • Includes a 45-minute DVD of six live gentle births • More than 32,000 copies sold of the original edition New parents are faced with a myriad of choices about pregnancy, labor, and birth. In Gentle Birth Choices Barbara Harper, renowned childbirth advocate, nurse, former midwife, and mother of three, helps to clarify these choices and shows how to plan a meaningful, family-centered birth experience. She dispels medical myths and reimagines birth without fear, pain, or violence. Harper explains the numerous gentle birth choices available, including giving birth in an independent birth center, at home, or in a hospital birthing room; finding a primary caregiver who shares your philosophy of birth; and deciding how to best use current technologies. She also provides practical advice for couples wishing to explore the option of using a doula or water during labor and birth to avoid the unwanted effects of drugs and epidurals.

The Gentle Birth Choices DVD blends interviews with midwives and physicians and six actual births that illustrate the options of water birth, home birth, and vaginal birth after a prior Cesarean section. The DVD clearly reveals the strength of women during childbirth and the healthy and happy outcome of women exercising gentle birth choices. It is a powerful instructional tool, not only for expectant parents, but also for midwives, hospitals, birth centers, and doctors.

Laboring On

Birth in Transition in the United States *Routledge*

Facing the polar forces of an epidemic of Cesarean sections and epidurals and home-like labor rooms, American birth is in transition. Caught between the most extreme medicalization — best seen in a Cesarean section rate of nearly 30 percent — and a rhetoric of women's "choices" and "the natural," women and their midwives, doulas, obstetricians, and nurses labor on. Laboring On offers the voices of all of these practitioners, all women trying to help women, as they struggle with this increasingly split vision of birth. Updating Barbara Katz Rothman's now-classic In Labor, the first feminist sociological analysis of birth in the United States, Laboring On gives a comprehensive picture of the ever-changing American birth practices and often conflicting visions of birth practitioners. The authors deftly weave compelling accounts of birth work, by midwives, doulas, obstetricians, and nurses, into the larger sociohistorical context of health care practices and activism and offer provocative arguments about the current state of affairs and the future of birth in America.

The Doula Book

How a Trained Labor Companion Can Help You Have a Shorter, Easier, and Healthier Birth *Da Capo Lifelong Books*

More and more parents-to-be all over the world are choosing the comfort and reassuring support of birth with a trained labor companion called a "doula." This warm, authoritative, and irreplaceable guide completely updates the authors' earlier book, Mothering the Mother, and adds much new and important research. In addition to basic advice on finding and working with a doula, the authors show how a doula reduces the need for cesarean section, shortens the length of labor, decreases the pain medication required, and enhances bonding and breast feeding. The authors, world-renowned authorities on childbirth with combined experience of over 100 years working with laboring women, have made their book indispensable to every woman who wants the healthiest, safest, and most joyful possible birth experience.

Birth Matters

How What We Don't Know About Nature, Bodies, and Surgery Can Hurt Us *Seven Stories Press*

Renowned for her practice's exemplary results and low intervention rates, Ina May Gaskin has gained international notoriety for promoting natural birth. She is a much-beloved leader of a movement that seeks to stop the hyper-medicalization of birth—which has lead to nearly a third of hospital births in America to be cesarean sections—and renew confidence in a woman's natural ability to birth. Upbeat and informative, Gaskin asserts that the way in which women become mothers is a women's rights issue, and it is perhaps the act that most powerfully exhibits what it is to be instinctually human. Birth Matters is a spirited manifesta showing us how to trust women, value birth, and reconcile modern life with a process as old as our species.

Sweet Sleep

Nighttime and Naptime Strategies for the Breastfeeding Family *Ballantine Books*

Sweet Sleep is the first and most complete book on nights and naps for breastfeeding families. It's mother-wisdom, reassurance, and a how-to guide for making sane and safe decisions on how and where your family sleeps, backed by the latest research. It's 4 A.M. You've nursed your baby five times throughout the night. You're beyond exhausted. But where can you breastfeed safely when you might fall asleep? You've heard that your bed is dangerous for babies. Or is it? Is there a way to reduce the risk? Does life really have to be this hard? No, it doesn't. Sweet Sleep is within reach. This invaluable resource will help you • sleep better tonight in under ten minutes with the Quick Start guide—and sleep safer every night with the Safe Sleep Seven checklist • sort out the facts and fictions of bedsharing and SIDS • learn about normal sleep at every age and stage, from newborn to new parent • direct your baby toward longer sleep when he's ready • tailor your approach to your baby's temperament • uncover the hidden costs of sleep training and “cry it out” techniques • navigate naps at home and daycare • handle concerns from family, friends, and physicians • enjoy stories and tips from mothers like you • make the soundest sleep decisions for your family and your life Advance praise for Sweet Sleep “Chock-full of advice and information . . . The editors smartly break the information into digestible bits organized by topics and age ranges. And for any parent desperate for an uninterrupted few hours of sleep, the advice is worth the read. Sweet Sleep includes extensive information on creating a safe sleep space, helping children learn to sleep on their own and defusing criticism of your family's choices. . . . This book is nothing but supportive of whatever your choices are about nursing and sleeping.”—BookPage “An essential guide for parents . . . detailed, practical advice on bed sharing and breast-feeding, with basic guidelines for safe bed sharing outlined in seven steps.”—Publishers Weekly

The Ultimate Breastfeeding Book of Answers

The Most Comprehensive Problem-solving Guide to Breastfeeding from the Foremost Expert in North America *Harmony*

Two leading lactation experts offer practical information, guidance, and encouragement to help new mothers overcome their fears, doubts, and practical concerns about breastfeeding, drawing on the latest research and furnishing updated facts and advice in a new edition of the comprehensive guide to breastfeeding. Original. 10,000 first printing.

Natural Hospital Birth

The Best of Both Worlds

These days, many mothers-to-be find themselves torn between the desire for a natural childbirth with minimal medical intervention and the peace of mind offered by instant access to life-saving technology that only a hospital can provide. In Natural Hospital Birth, doula Cynthia Gabriel asserts that there is no good reason that women in North America should not be able to have both. She shows expectant mothers what they can do to avoid unnecessary medical interventions and how to take initiative and consciously prepare for the kind of birth they want to have. Also included are

inspiring stories from other women who know firsthand that natural birth in the hospital is possible. With this book, mothers-to-be will be equipped with the knowledge they need to ensure a satisfying hospital birth that they will look back on with peace and joy.

Childbirth Without Fear

The Principles and Practice of Natural Childbirth *Pinter & Martin Limited*

In an age where birth has often been overtaken by obstetrics, Dr Dick-Read's philosophy is still as fresh and relevant as it was when he originally wrote this book. He unpicks every possible root cause of western woman's fear and anxiety in pregnancy, childbirth and breastfeeding and does so with overwhelming heart and empathy. Essential reading for all parents-to-be, childbirth educators, midwives and obstetricians!
