Sexuality In World History Themes

The subject of sexuality is often a controversial one, and exploring it through a world history perspective emphasises the extent to which societies, including our own, are still reacting to historical change through contemporary sexual behaviours, values, and debates. The study uses a clear chronological structure to focus on major patterns and changes in sexuality - both sexual culture and sexual behaviours - in the main periods of world history, with comparison and discussion across ...

"Sexuality in World History manages the almost impossible task of providing a sweeping, comprehensive, convincing narrative of the history of the generally unruly subject of sex. Moving adroitly throughout the globe, it tracks the changes in sexuality from agricultural societies to the great classical civilizations, watching developments as the large religions such as Buddhism, Christianity, and Islam emerge, and following the effects of colonialism, imperialism, and globalization.
