The Issue Of Authority In

A person who has an antagonistic or unhealthy relationship with authority figures may be described as having an authority problem. In some cases, these people tend to antagonize and resent any authority figure they encounter, regardless of the legitimacy of that person's authority. In other cases, an individual may demonstrate extreme and inappropriate submissiveness in his interactions with authority figures.

For most contemporary theorists to say that the state has authority in the descriptive sense is to say that the state maintains public order and that it issues commands and makes rules that are generally obeyed by subjects because many of them (or some important subset of them such as the officials of the state) think of it as having authority in the normative sense (Hart 1961) (Some thinkers have understood the idea of legitimate authority in this descriptive sense as well (Weber 1970); in ...

Authority (Stanford Encyclopedia of Philosophy)

Power and authority issues are nothing but trouble, and actually, they cause more than just a bad night's sleep. They corrupt our relationships, our societies, and our governments. The greater the issues people have around power, the more likely they are to abuse power, act out, pass on victim tendencies to their children, and otherwise re-act poorly to situations.
