Wild Justice The Beaumont Brides, no. 1. Liz Fielding. ... The story line is good with

mysteries not clear until the very end and the chemistry feels real. I really like Liz Fielding's writing style, though this story line is a little long, it is still enjoyable and am sure I will purchase more of her books.

Wild Justice is romance at its best - not so much simpering and fluffy, but with a real, meaty story to balance it all out nicely - just the way I like it! I will admit to being slightly thrown off at times by grammar errors (most likely a product of formatting - something

I have personally experienced with my own writing) and slightly by the setting - as I am unfamiliar with England locals.

That was mentioned twice, so I figured it was important. Honestly, I doubt I could have continued for much longer because instead of using quotation
