Stoney McGurrin in his debut book, brings us on the adventure of his life time. Having spent months in hospital as a four year old, where he almost lost his arm; only to have it saved by a famous French surgeon Dr. Chance, he left Leitrim as a teenager on ship across the Atlantic to New York City. The stories are exciting, sad, happy and true; from 1941 to the present, from pencil to paper. "Very informative as far as history of Irish people making it in New York City. Great to learn of how civil rights has made us better people. His traveling south, taught me to appreciate what I have today." Ann Hernandez, New York, USA "A great read, the author captures glimpses of life of bygone eras, all the while never short of good characters and incredible situations. I really enjoyed the book." Kieran Moran, The Bronx, New York, USA "A roller coaster read. Should be on the curriculum in high schools. This book would be banned in Ireland in the 1960s. The author would be in the good company of Oscar Wilde, Salman Rushdie and Brendan Behan." Michael D. McAndrew, Journalist Midwest Radio, Mayo, Ireland "My wife and I read it in bed. We laughed, we cried; insights into sex, drugs, crime, hard work, history and politics. We did not sleep the night we read it. We waited a long time for a book like this, well done to Stoney and John for this production." Pat and Phil Burke, Co. Tipperary, Ireland "Entertaining, educational, enlightening, ecstatic, erotic and enjoyable!" Lizzy Tabor, Massachusetts, USA 'I've known Stoney for over 40 years - and over that time he has regaled me with his stories and memories many times. It's great to see them documented on the printed page - captured in time. Stories that take us from Dowra, Co Leitrim across to the United States - stories of innocence and ignorance, of hurt and healing, of grit, determination and success - told in Stoney's inimitable voice." Carl Corcoran, Veteran Broadcaster, Dublin, Ireland

Start with Why *Penguin*

The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the

book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. *START WITH WHY* asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. *START WITH WHY* shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea The Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

It All Started with a Bird *Bookbaby*

Judith Sedgeman takes us on a psychological journey from innocent childhood delight at the discovery of thought, through the ways we unintentionally create insecurity and distress as we grow up, through the anxiety and stress of teenage years and the intensity of testing our knowledge and falling into the habit of figuring everything out to push ourselves to meet expectations in adulthood. And then she takes us through the astonishment of discovering the Three Principles of Mind, Thought and Consciousness, an explanation of how we create our experience of life from the inside-out that is spreading rapidly now across the globe. Her experiences as one of the pioneers bringing this new understanding to the world reveal the challenges of overturning an existing paradigm, and the deep commitment that generation felt as they realized they were sharing a secret that would set people free from the prison of their own thoughts and point them to their wisdom, insight and common sense. The book shows how people's perspective can change from thought to thought, and how the power to reconnect to our spiritual strength to live from love and understanding is never lost, only sometimes obscured. Through compelling anecdotes that span seven decades of inner adventure, she leads us to see that the possibility for the future of mankind at peace, in harmony, is innate to us all, if we just discover it.

It All Started with Gogol *Trafford Publishing*

During the 70 years of the Soviet era leaders created one of the most rigidly controlled societies in history. Their objective was to mold citizens into docile conformists and devoted servants of the State. As an antidote to our personal freedoms they conditioned their citizens to distrust all foreigners since their goal was, by definition, to undermine Soviet power. An unrelenting propaganda assault glorified the virtues of their system and reinforced hostility toward any outside entity. The governing bureaucracy appeared monolithic but was actually extremely vulnerable. The system itself was defective; unwittingly it motivated individuals to bypass the strict application of

the law and discover other techniques of coping. Russians exhibited a boundless creativity in circumventing regulations. Their deliverance lay in mastering a very inventive, humorous and witty approach to an existence that was otherwise grim beyond description. Russia is an endlessly fascinating land, unexpected and unpredictable, producing delight as well as despair. It consists of humane and warm-hearted people oppressed by endless years of a stultifying bureaucracy. But given the opportunity basic humanity would peek through the bureaucratic facade and manifest itself in ways sometimes benevolent, or humorous, or compassionate, but always endearing. The present review summarizes a number of adventures and experiences that personify these traits.

My Wife With Others Man - How it all started *Edição Digital*

"My Wife With Others Man - How it all started...." This is a trilogy written in great detail during the COVID 19 pandemic by the couple's wife, Karina and reviewed by her husband Fabio (Pseudonyms). Each of the e-Books tells a "different sexual story based on true facts", of the couple's sexual adventures with other men. The couple had their upbringing and education based on concepts of a puritanical and conservative family, where such sexual practices would never be allowed or accepted in the real world (work, friends, family, etc.). However, like many other couples, they also have great sexual fantasies and desires and have decided to put them into practice, unlike other couples who choose "betrayal". The couple chose truth, open dialog, complicity, companionship and love, to start together in this "new world of fetishes and sexual fantasies". In this FIRST e-Book of the trilogy, the couple tells how the desire was born and was growing between them, in practicing the male ménage, that further ahead they were to discover that it was a fetish, but not for the male ménage, but a fetish of the most popular among married men, the "Cuckold" (Fetish where the man feels pleasure and likes to see his wife having pleasure and having sex with other men and sometimes participating or not, everything depends on the fantasy of each couple and person). They also tell in THIS FIRST PART the difficulties encountered in treading this more liberal lifestyle with a wealth of details, tell the first sex made with his wife and another man in FRONT of her husband, and many other details that should be read by anyone who wants or is excited by erotic sexual romance, especially those who seek the "Cuckold" fetish. The three e-books are narrated by the WIFE of the couple, with a wealth of details, and are recommended to be read by singles (people alone) even as a learning to know how to behave correctly and or approach a couple that enjoys male ménage and or cuckold, also recommended for couples to spice up their relationships, or even that push that was missing to start in this liberal world together, and of course, recommended for every lover of a good real story, erotic, sexual and spicy. ATTENTION: This e-book is about REAL EXPERIENCES, we only changed the names using pseudonyms and changed the locations to respect the secrecy and privacy of the people involved. Any resemblance to real names and places is mere coincidence. This trilogy is dedicated to all couples, men, women and people of all genders, who also have healthy sexual desires and fantasies and would like to fulfill them in liberal sex, but responsible and conscious! (Erotic literature recommended for ages 18+). About the Author: Karina (Pseudonym)

wife, 39 years old, married, works in the health area and as said, she was raised by strict education parameters where such practices and or sexual adventures would never be allowed in the real environment in which they live (work, friends, colleagues, etc.) However it is worth noting that it is a real story and the couple chose to speak the truth to each other about their feelings, desires and fantasies, unlike other couples who choose to betray their partners - Remembering also that the vast majority of society that vehemently condemns such practices of liberal sex (ménage, swing, cuckold, etc..) is actually the most practicing in a hidden way, here's the tip, kisses Karina.
