The Wish Maker Penguin

A brilliant, enthralling debut novel about a fatherless boy growing up in a family of outspoken women in contemporary Pakistan, The Wish Maker is also a tale of sacrifice, betrayal, and indestructible friendship. Zaki Shirazi and his female cousin Samar Api were raised to consider themselves "part of the same litter." In a household run by Zaki's crusading political journalist mother and iron-willed grandmother, it was impossible to imagine a future that could hold anything different for each of them. But when adolescence approaches, the cousins' fates diverge, and Zaki is forced to question the meaning of family, selfhood, and commitment to those he loves most. Chronicling world-changing events that have never been so intimately observed in fiction, and brimming with unmistakable warmth and humor, The Wish Maker is the powerful account of a family and an era, a story that shows how, even in the most rapidly shifting circumstances, there are bonds that survive the tugs of convention, time, and history.

Half Girlfriend

Working the Night Shift

Women in India's Call Center Industry Stanford University Press

Relatively high wages and the opportunity to be part of an upscale, globalized work environment draw many in India to the call center industry. At the same time, night shift employment presents women, in particular, with new challenges alongside the opportunities. This book explores how beliefs about what constitutes "women's work" are evolving in response to globalization. Working the Night Shift is the first in-depth study of the transnational call center industry that is written from the point of view of women workers. It uncovers how call center employment affects their lives, mainly as it relates to the anxiety that Indian families and Indian society have towards women going out at night, earning a good salary, and being exposed to western culture. This timely account illustrates the ironic and, at times, unsettling experiences of women who enter the spaces and places made accessible through call center work. The Jungle Book

The Jungle *OUP Oxford*

A searing novel of social realism, Upton Sinclair's The Jungle follows the fortunes of Jurgis Rudkus, an immigrant who finds in the stockyards of turn-of-the-century Chicago a ruthless system that degrades and impoverishes him, and an industry whose filthy practices contaminate the meat it processes. From the stench of the killing-beds to the horrors of the fertilizer-works, the appalling conditions in which Jurgis works are described in intense detail by an author bent on social reform. So powerful was the book's message that it caught the eye of President Theodore Roosevelt and led to changes to the food hygiene laws. In his Introduction to this new edition, Russ Castronovo highlights the aesthetic concerns that were central to Sinclair's aspirations, examining the relationship between history and historical fiction, and between the documentary impulse and literary narrative. As he examines the book's disputed status as novel (it is propaganda or literature?), he reveals why Sinclair's message-driven fiction has relevance to literary and historical matters today, now more than a hundred years after the novel first appeared in print.
