Political Geography: A New Introduction | Richard Muir ...

Political geography is a subdiscipline of human geography that has an evolving relationship with the other subdisciplines, especially cultural, urban, and environmental geography. Historically, political geography has largely concerned itself with the spatialities of the state, whether internal or external. In addition, early political geography often attempted to derive insights from the natural world, often leaving it open to accusations of environmental determinism.

Political Geography - Geography - Oxford Bibliographies

Abstract. Revised and updated, this is a new edition of a core undergraduate resource on Political Geography. Unique in the teaching literature, Political Geography (published originally as Politics, Geography, and 'Political Geography') retains its focus on the social and cultural, while systematically overviewing the entire discipline.
