The Life and Music of Ben Webster *University of Michigan Press*

For a half century, Ben Webster, one of the "big three" of swing tenors--along with Coleman Hawkins and Lester Young--was one of the best-known and most popular saxophonists. Early in his career, Webster

worked with many of the greatest orchestras of the time, including those led by Willie Bryant, Cab Calloway, Benny Carter, Fletcher Henderson, Andy Kirk, Bennie Moten, and Teddy Wilson. In 1940 Webster became Duke Ellington's first major tenor soloist, and during the next three years he played on many famous recordings, including "Cotton Tail." Someone to Watch Over Me tells, for the first time, the complete story of Ben Webster's brilliant and troubled career. For this comprehensive study of Webster, author Frank Büchmann-Møller interviewed more than fifty people in the United States and Europe, and he includes numerous translated excerpts

from European periodicals and newspapers, none previously available in English. In addition, the author studies every known Webster recording and film, including many private recordings from Webster's home collection not available to the public. Exhaustively researched, this is a much needed and long overdue study of the life and music of one of jazz's most important artists.

Stories By *Harper Collins*

"The essential mystery at the heart of every relationship is the subject of these twelve stories. What drives people together? What drives them apart? Revenge, boredom, sex—they're all here. . . . The landscape of the heart depicted here is less bleak than it sounds; what drives these stories is the belief that love is reachable just around the bend." —Entertainment Weekly Richard Bausch is a master of the intimate moment, of the ways we seek to make lasting connections to one another and to the world. Few writers evoke the complexities

of love as subtly, and few capture the poignancy of the sudden insight or the rhythms of ordinary conversation with such delicacy and humor. To read these twelve stories—of love and loss, of families and strangers, of small moments and enormous epiphanies—is to be reminded again of the power of short fiction to thrill and move us, to make us laugh, or cry. In these profound glimpses into the private fears, joys, and sorrows of people we know, we find revealed a whole range of human experience, told with extraordinary force, clarity, and compassion.

Someone to Watch Over Me: A Portrait of Eleanor Roosevelt and the Tortured Father Who Shaped Her Life *Simon and Schuster*

A fresh and sensitive examination of Eleanor Roosevelt—one of the most remarkable Americans in

history—and the tortured father who would inspire and shape her future leadership and advocacy. Eleanor Roosevelt is viewed as one of the most pioneering women in American history. But she was also one of the most enigmatic and lonely. Her loveless marriage with FDR was no secret, and she had a cold relationship with most of her family, as well, from her distant mother to her public rivalry with her cousin, Alice. Yet she was a warm person, beloved by friends, and her humanitarian work still influences the world today. But who shaped Eleanor? It was the most unlikely of figures: her father Elliott, a lost spirit with a bittersweet story. Elliott was the brother

of Theodore Roosevelt, and he was as winsome and charming as Theodore was blustery and competitive. Though the two maintained a healthy rivalry in their youth, Elliott would eventually succumb to alcoholism and would be exiled to the Virginia countryside. But he kept up a close correspondence with his daughter, Eleanor, who treasured his letters and would read them nightly for her entire life for guidance, inspiration, and love. As he did in the critically acclaimed *The Golden Lad*, Eric Burns' insightful and lucid prose reveals new facets to the lives of these pillars of American history.

The B Side

The Death of Tin Pan Alley and the Rebirth of the Great American Song
Penguin

From an acclaimed cultural critic, a

narrative and social history of the Great American Songwriting era. Everybody knows and loves the American Songbook. But it's a bit less widely understood that in about 1950, this stream of great songs more or less dried up. All of a sudden, what came over the radio wasn't Gershwin, Porter, and Berlin, but "Come on-a My House" and "How Much Is That Doggie in the Window?" Elvis and rock and roll arrived a few years later, and at that point the game was truly up. What happened, and why? In *The B Side*, acclaimed cultural historian Ben Yagoda answers those questions in a fascinating piece of detective work. Drawing on previously untapped archival sources and on scores

of interviews—the voices include Randy Newman, Jimmy Webb, Linda Ronstadt, and Herb Alpert—the book illuminates broad musical trends through a series of intertwined stories. Among them are the battle between ASCAP and Broadcast Music, Inc.; the revolution in jazz after World War II; the impact of radio and then television; and the bitter, decades-long feud between Mitch Miller and Frank Sinatra. *The B Side* is about taste, and the particular economics and culture of songwriting, and the potential of popular art for greatness and beauty. It's destined to become a classic of American musical history.
