The Search for Hidden, Sacred Knowledge *Ozark Mountain Publishing*

Many of us lived previous lives as keepers of sacred knowledge that was taught in the ancient mystery schools. Much of this knowledge was lost through time due to disasters and destruction or death. The knowledge was reserved for a select few who devoted their lives to understanding and teaching it.

The Search for Hidden, Sacred Knowledge

Cannon focuses on the secret knowledge that has been passed from generation to generation after the Extraterrestrials left earth. For centuries, ET wisdom has been protected by the few who belonged to the secret. Wars have been fought and terrible injustices have been committed in attempts to gain access to this knowledge. Now it is no longer reserved strictly for oracles in temples-- it is returning to our time and is now available for all to learn.

Summary of Dolores Cannon's The Search for Hidden, Sacred Knowledge *Everest Media LLC*

Please note: This is a companion version & not the original book. Sample Book Insights: #1 The extraterrestrials developed life on Earth. They lived with the savages and taught them basic skills so they would be able to survive and develop a civilization. They did not die until they wanted to, so they were treated as gods. #2 The building of temples and stone circles was a marker for the passing of the seasons and the positions of certain important stars and planets. The courses were plotted in relation to the lintels and stones. This was a highly advanced science by the time of Atlantis. #3 The Egyptians used the stars and the planets to track their seasons, and this developed into a more

sophisticated system of astronomy. The structures were also visible from space, and served as markers for spaceships orbiting the planet. #4 There were many different types of people in the temple, some of whom were angry because they didn't want to be there. They said they were from neighboring galaxies, or neighboring stars.

The Secret Book of Sacred Things *Atlantic Books*

A fantastic journey into a postapocalyptic world, seen through the eyes of a 12-year-old girl, told by a master storyteller. For fans of China Mieville and the sci-fi of Margaret Atwood and Doris Lessing. The coming of the Great Stone destroyed almost everything that used to be. But high in one remote valley, the Church of Selene has found its way back from ruin. Sister Luka and her female converts offer sacrifices to the scarred (and very close) moon that hangs over their convent. It has been this way since the Stone hit. Among the Little Sisters of Selene is 12-year-old Aurora, respected Scribe of the church. She endlessly writes down the name of the moon to keep her in the sky where she belongs. But Aurora has a secret book she keeps hidden in her Scribe's chamber and into this diary she pours out her hopes and desires. Upsetting this fragile equilibrium is Willa, a young tomboy whose flamboyant arrival threatens the hard-won status quo of the sisters' community. As Aurora and Willa inch toward friendship, insurrection grows. But when an unexpected marvel occurs in the sky, it is clear that Aurora's work as the Scribe has failed. The moon is threatening to remake the world all over again. This is the Secret Book of Sacred Things, this is Aurora's story.

Legacy from the Stars *Ozark Mountain Publishing*

We are children of the stars. This is our legacy and our heritage. In the history of the cosmos, Earth is a young planet. Our souls, on the other hand, have been around forever and will continue to be around forever. Thus Earth is not our only home. We have lived many lives in unusual environments before deciding to journey here and learn the lessons of Earth. After our schooling is completed on this planet, we will journey onward to discover new worlds to explore. The memories of these soul journeys are recorded in our subconscious, and in *Legacy from the Stars* hypnotherapist Dolores Cannon shows that they can be retrieved through regressive hypnosis. She reports dramatic cases where the subjects relived other lifetimes in strange environments -- inhabitants of other planets. After reading her latest book, you may agree that "we are all extraterrestrials," and Earth is merely a stop-over in our long adventure.

Keepers of the Garden *Ozark Mountain Publishing*

Dolores Cannon uses information obtained from regressive hypnosis to formulate a provocative viewpoint on the ancient astronaut theory of human origins. Her findings indicate that the earth was seeded eons ago by travellers from outer space. These visits by ancient extraterrestrials did not end with their

intervention in human evolution. They have continued up to the present day resulting in a whole class of contemporary humans who have been subject to alien abduction.

Jesus and the Essenes *Ozark Mountain Publishing*

UFO Sightings and Abductions by aliens were the beginning, the tip of the iceberg. Dolores Cannon's work in hypnosis has taken the study beyond abduction. This accumulation of 12 years of cases includes: * Cases of missing time * Spacecraft from other dimensions and planes of existence * Condensed or distorted time * The differences and functions of various alien races * And much more Dolores traces the phenomenon from the simple to the complex. Exploring areas untouched by other investigators, she makes the unbelievable become acceptable and understandable.

Back to Venice *Michael Grant*

Imagine what it would be like to go back in time to the 15th century Venice. And imagine what it would be like to meet your lifelong hero, Michelangelo. And imagine what it would be like if, on first meeting, you spill a tray of pasta and wine on that very same hero. Well, that's what happens to serious young artist Mark Breen. As the result of a drunken bet, Mark knocks out a painting

of a toilet bowl. Much to his amazement, he sells it. In short order he's hailed as the new Andy Warhol and becomes an overnight sensation—and a very wealthy man. Soon, images of his toilet bowls are on more t-shirts, mugs, and calendars than Edvard Munch's *The Scream*. His friend and mentor, Hugh Connelly, afraid that Mark is in danger of losing his "artistic soul," advises him to go back to Italy and reacquaint himself with the "old masters." In Venice, Mark falls in love with Alexandra, a beautiful art restorer, but it's a one-sided affair. One night, hoping to win her over, he climbs up on a roof to find out who painted her favorite fresco. He falls off the roof and wakes up in 15th century Venice where he meets an innkeeper named Francesca, who looks exactly like Alexandra. And it gets curiously and curiously from there. During his stay—which is sometimes zany and sometimes frightening—he meets his hero, Michelangelo, who teaches him the true meaning of art.

The Sacred Feminine

What happened to the feminine power and face of God? Where did the "mother God" go? If God is our creator and we are all made in his image, God must be both our father and our mother. Come along as we attempt to rediscover through a study of history and language the truth and expand our understanding of the complete and perfect God. - After thousands of years of distortion, it is now time to look at both sides of God.

The Unique Technique *Createspace Independent Publishing Platform*

I am an optometrist. I owned a very traditional medical, white coat practice in Pittsburgh, Pennsylvania near the University of Pittsburgh for 10 years. I became bored and uninspired in this vanilla business environment and sterile space. Feeling restless, I sold my practice and began the search for a new place to start a fresh concept in optometry. I found Frederick, Maryland, which is a historic, walkable little city that tops the triangle with DC and Baltimore. I relocated to a new town, in a new state with a brand new practice - Unique Optique. I was an outsider and a transplant, trying to win Frederick's trust and convince the residents of this town to come to my practice to spend money on high-end glasses. To accomplish this feat, I decided that I needed to show our authenticity, exude genuine sincerity, and smile through adversity. I embraced my flaws; I was vulnerable and real. I used social media, in-house events and the decor of the office to display the business's personality. People instantly related to the practice. They saw that I was not perfect, but I was earnest and that I truly cared. I was proud of my venture. Unique Optique's reviews were stellar and real. The practice grew steadily and by the end of the first year, I was recognized as the

Start Up Entrepreneur of Frederick County. Soon, I had requests from business owners and entrepreneurs to come and visit the practice and discuss our unique image strategies. People wanted this quality for their own businesses. I realized that I had helpful and valuable information and put my techniques down on paper. While developing my brand and marketing my business, I have made mistakes, learned from them, and attempted to fix them. I have worked through adversity and difficulties. In the end, I cultivated a brand to which people could relate. This is my experience. I hope it helps you find your Unique Technique."

A Search in Secret India

A Search in Secret India is the story of Paul Brunton's journey around India, living among yogis, mystics and gurus, some of whom he found convincing, others not. He finally finds the peace and tranquility which come with self-knowledge when he meets and studies with the great sage Sri Ramana Maharishi. Paul Brunton was a British philosopher, mystic, traveler, and guru. He left a journalistic career to live among yogis, mystics, and holy men, and studied Eastern and Western esoteric teachings. Dedicating his life to an inward and spiritual quest, Brunton felt charged to communicate his experiences about what he learned in the East to others. His works had a major influence on the spread of Eastern mysticism to the West. Taking pains to express his thoughts in layperson's terms, Brunton was able to present what he learned from the Orient and from ancient tradition as a living wisdom. His writings express his view that meditation and

the inward quest are not exclusively for monks and hermits, but will also support those living normal, active lives in the Western world.
