Property and Progress

The Historical Origins and Social Foundations of Self-sustaining Growth

Key texts on the origins of capitalism brought together for the first time. In writing these celebrated essays Robert Brenner had an electric impact on the debate regarding the transition from feudalism to capitalism. His epochal 1976 essay in *Past and Present* launched what became known as the "Brenner debate." His 2007 lecture at the British Academy was

an elegant synthesis of his views and has generated a new discussion. The magnitude of Brenner's contribution to the world of ideas cannot be underestimated. This series of brilliant essays represent what is probably the most powerful single contribution from a materialist viewpoint to historical thought of the past half century. *Property and Progress* brings these texts together in a single volume for the first time. Intellectually audacious and academically rigorous, they vary in range, offering novel perspectives on the nature of pre-capitalist and capitalist societies, socio-economic evolution in the medieval and early modern period through

to the industrial revolution and a provocative comparison between England and the Yangtze Delta in China.

The Wim Hof Method

Activate Your Full Human Potential

Sounds True

INSTANT NEW YORK TIMES BESTSELLER The only definitive book authored by Wim Hof on his powerful method for realizing our physical and spiritual potential. "This method is very simple, very accessible, and endorsed by science. Anybody can do it, and there is no dogma, only acceptance. Only freedom." —Wim Hof Wim Hof has a message for each of us: "You can literally do the impossible. You can overcome disease, improve your mental health and physical performance, and even control your physiology so you can thrive in

any stressful situation." With The Wim Hof Method, this trailblazer of human potential shares a method that anyone can use—young or old, sick or healthy—to supercharge their capacity for strength, vitality, and happiness. Wim has become known as "The Iceman" for his astounding physical feats, such as spending hours in freezing water and running barefoot marathons over deserts and ice fields. Yet his most remarkable achievement is not any record-breaking performance—it is the creation of a method that thousands of people have used to transform their lives. In his gripping and passionate style, Wim shares his method and

his story, including:

- **Breath**—Wim’s unique practices to change your body chemistry, infuse yourself with energy, and focus your mind
- **Cold**—Safe, controlled, shock-free practices for using cold exposure to enhance your cardiovascular system and awaken your body’s untapped strength
- **Mindset**—Build your willpower, inner clarity, sensory awareness, and innate joyfulness in the miracle of living
- **Science**—How users of this method have redefined what is medically possible in study after study
- **Health**—True stories and testimonials from people using the method to overcome disease and chronic illness
- **Performance**—Increase your endurance, improve recovery time, up your mental game, and more
- **Wim’s Story**—Follow Wim’s inspiring personal journey of discovery, tragedy, and triumph
- **Spiritual Awakening**—How breath, cold, and mindset can reveal the beauty of your soul

Wim Hof is a man on a mission: to transform the way we live by reminding us of our true power and purpose. “This is how we will change the world, one soul at a time,” Wim says. “We alter the collective consciousness by awakening to our own boundless potential. We are limited only by the depth of our imagination and the strength of our conviction.” If you’re ready to explore and exceed the limits of

your own potential, The Wim Hof Method is waiting for you.

Principles and Practice in Second Language

Acquisition *Pergamon*

The present volume examines the relationship between second language practice and what is known about the

process of second language acquisition, summarising the current state of second language acquisition theory, drawing general conclusions about its application to methods and materials and describing what characteristics effective materials should have. The author concludes that a solution to language teaching lies not so much in expensive equipment, exotic new methods, or sophisticated language analysis, but rather in the full utilisation of the most important resources - native speakers of the language - in real communication.
