Creativity is defined as the tendency to generate or recognize ideas, alternatives, or possibilities that may be useful in solving problems, communicating with others, and entertaining ourselves and others. (page 396) Three reasons why people are motivated to be creative: need for novel, varied, and complex stimulation.

What is creativity?

The danger that the eureka myth poses is that it moves focus away from the process of creativity. According to this myth ' the beautiful idea ' is the result of some undefinable process, some epiphany that happens without influence or control. So you just have to book out some time, kick back and wait for it to happen, right?
