A Literary History of Iowa University

of Iowa Press

Originally published in 1972, *A Literary History of Iowa*, which features writers published in book form between 1856 and the late 1960s, returns to print. One of Iowa's native sons, Ellis Parker Butler, once said that in Iowa 12 dollars were spent for fertilizer each time a dollar was spent for literature. Many readers will be surprised to learn from this book the extent of Iowa's distinguished literary past---the many prizes and praise received by her authors. To those already familiar with Iowa's credits, *A Literary History of Iowa* will be a nostalgic and informative delight. During the 1920s and 1930s, Iowa had good claim to recognition as the literary capital of the country. Clarence Andrews says that as he grew up he knew a host

of Iowa writers. "I also knew that Iowa was winning a disproportionate share of the Pulitzer Prizes---Hamlin Garland, Margaret Wilson, Susan Glaspell, Frank Luther Mott, "Ding" Darling, Clark Mollenhoff. It was winning its share or more of prizes offered by publishers---and its authors' books were being selected as Book-of-the-Month and Literary Guild books. I knew too about Carl Van Vechten as part of that avant-garde group of midwest exiles---including Fitzgerald, Anderson, and Hemingway." *A Literary History of Iowa* looks at Iowans who knew and cared for the state---people who wrote poetry, plays, musical plays, novels, and short stories about Iowa subjects, Iowa ideas, Iowa people. These writers often have dealt with such themes as the state's

history, the rise of technology and its impact on the community, provincialism and exploitation, the problems of personal adjustment, and the family and the community. John T. Frederick, whose own books are paramount in Iowa's literary history, has pointed to Iowa's special contributions to the literature of rural life in saying that no other state can show its portrayal in "fiction so rich, so varied, and so generally sound as can Iowa."

Four Parts, No Waiting

A Social History of American Barbershop Quartet *Oxford University Press*

Four Parts, No Waiting investigates the role that vernacular, barbershop-style close harmony has played in American musical history, in American life, and in the American imagination. Starting with a discussion of the first craze for Austrian four-part close harmony in the 1830s, Averill traces the popularity of this musical form in minstrel shows,

black recreational singing, vaudeville, early recordings, and in the barbershop revival of the 1930s. In his exploration of barbershop, Averill uncovers a rich musical tradition--a hybrid of black and white cultural forms, practiced by amateurs, and part of a mythologized vision of small-town American life. Barbershop harmony played a central -- and overlooked -- role in the panorama of American music. Averill demonstrates that the barbershop revival was part of a depression-era neo-Victorian revival, spurred on by insecurities of economic and social change. Contemporary barbershop singing turns this nostalgic vision into lived experience. Arguing that the "old songs" function as repositories of idealized social memory, Averill reveals ideologies of gender, race, and

class. This engagingly-written, often funny book critiques the nostalgic myths (especially racial myths) that have surrounded the barbershop revival, but also celebrates the civic-minded, participatory spirit of barbershop harmony. The contents of the CD have been replaced by a companion website with helpful links, resources, and audio examples.

Musical Theatre Script and Song Analysis Through the Ages *Bloomsbury Publishing*

How many times have you experienced a musical that was fabulous or just didn't work at all, but you had no idea how to communicate why? How do you differentiate between a flaw in the performance portrayal of a character to a structural flaw in the musical itself? How do you analyse musical theatre songs that are so subjective in its very nature? Is there even a common link of analysis between musicals from the Golden Age and musicals from the present day? Musical Theatre Script and

Song Analysis Through the Ages answers these questions and gives students of musical theatre the tools they need to understand and articulate how musicals work. At the heart of any musical lie its music and lyrics, yet it is this area that is least understood. This book offers a brand new terminology of analysis that gets to the core of what holds a musical together: the libretto, music, and lyrics. Through identifying methods of lyric and musical analysis and applying these to ten different musicals throughout history, students are able to ask questions such as: why does this song sound this way?; what is this lyric doing to identify character purpose?; and how is a character communicating this feeling to an audience? From classroom analysis through to practical application,

this text guides readers through a structured approach to understanding, disseminating and more importantly, articulating how a musical works. A perfect tool for students of musical theatre, its practical benefits of understanding the form, and realizing that it can be applied to any age musical, will benefit any theatre person in helping articulate all of those abstract feelings that are inherent in this art form. It offers a roadmap to the musical's innermost DNA.

MAN WITH A LOAD OF MISCHIEF was originally presented off-Broadway in 1966, receiving rave reviews and garnering such comments as: "A solid hit!" and "Perfectly charming!" (New York Times), "Remarkably appealing!" (New York Post), and "Sprightly and ingratiating!" (NY Daily News). Since then this delightful musical has become a classic, seen in many productions throughout the United States and countries across the world. The six-character show has seen four revivals in New York City. RECORD WORLD described the show in this encapsulation: "Set in a Regency England highway inn, it scrambles with surprising little condescension the affairs of a gentleman who isn't a gentleman, a

lackey who isn't a lackey, a lady who isn't a lady and a maid who isn't a maiden with grand comic style. But the show's real strength-happily, in this musically stultifying integrated age-lies in its tunes. If anyone would fault the songs for not being integrated, it is because they stand out from the text, as a good song will, and can be recalled after the last bow." Unfortunately the published script and piano-vocal score had not been available for purchase until their recent publication (2011). This script represents the complete musical, containing all the dialog and lyrics, with notes by the show's creators Ben Tarver and John Clifton.

Broadway and Economics

Economic Lessons from Show Tunes *Routledge*

Economics has often been described as "the dismal science," with TV and movies

reinforcing this description. However, economics is a powerful tool that can be used to understand how the world works, helping to answer confusing puzzles and solve the world's problems. Surprisingly, Broadway musicals are an excellent way to show this. Musicals tell engaging stories through song and many are rich with economic concepts. This book analyzes 161 songs from 90 musicals to explore what they can teach us about supply and demand, monetary policy and numerous other core economic concepts. While some songs have an obvious connection to economics, other connections may seem less apparent. When you hear "Let it Go" from Frozen, does your mind think about a firm's production decisions? After reading this book, it will. Whether showing how

Hamilton can illustrate concepts of central banking, or how "Stars" from Les Miserables provides a perfect example of inelastic demand, the author presents complicated topics in an understandable and entertaining way. Featuring classic songs from some of the most popular shows ever produced, along with some hidden gems, *Broadway and Economics* will be of interest to anybody studying an introductory economics course as well as theatre aficionados.

Strategies for Success in Musical Theatre

A Guide for Music Directors in School, College, and Community Theatre *Oxford University Press*

In *Strategies for Success in Musical*

Theatre, veteran musical director and teacher Herbert Marshall provides an essential how-to guide for teachers or community members who find themselves in charge of music directing a show. Stepping off the podium, Marshall offers practical and often humorous real-world advice on managing auditions; organizing rehearsals; working with a choir, choreographer, and leads; how to run a sitzprobe, a technical rehearsal, and a dress rehearsal; how to manage the cast and crew energy for a successful opening night; and ways to end the experience on a high note for all involved. Throughout the book, Marshall emphasizes the importance of learning through performance and the beauty of a group united in a common goal. In

doing so, he turns what can appear as a never-ending list of tasks and demand for specialized knowledge into a manageable, educational, and ultimately engaging and fun experience for all. Because the techniques in Marshall's book have been thoroughly workshoped and classroom tested, they are based in proven pedagogy and will be of particular use for the music director in acting as a teaching director: someone imparting theatrical knowledge to his or her cast and production staff. Marshall provides both extended and abbreviated timelines, flexible to fit any director's needs. Prime-Time Authorship**Works about and by Three TV Dramatists** *Syracuse University Press*

Designed to inspire the fledgling scriptwriter, this book combines analytical essays on the work of three successful television writers with interviews and complete scripts printed in correct professional format. The writers Marion Hargrove (Maverick, The Waltons), Joseph Dougherty
