Staff View: The Great fairy tale tradition

Jack Zipes aims to disprove conventional wisdom regarding the origins of the Grimm fairy tales, which holds that the Grimms collected their tales from the oral tradition of peasants. He argues that the Grimms took most of their tales from literary sources, rewriting them again and again. These tales are based on a great literary tradition.

The Great Fairy Tale Tradition: From Straparola and Basile ...

The exact origins of the literary fairy tale are uncertain and the relationship between oral traditions and the literary fairy tale isn't always clear. We know, for example, that literary fairy tales borrow motifs and plot characteristics from orally told tales from antiquity up to the 14th and 15th centuries and that the

literary genre we now call the literary fairy tale gained traction in 16th century Europe.

The Great Fairy Tale Tradition: From | BiggerBooks

Fairy tales, also known as wonder tales or märchen (from the German), are a sub-genre of folktales involving magical, fantastic or wonderful episodes, characters, events, or symbols. Like all folktales they are narratives that are not believed to be true (fictional stories), often in timeless settings (once upon a

time) in generic, unspecified places (the woods), with one-dimensional characters (completely good or bad).

The Great Fairy Tale Tradition : Jack Zipes : 9780393976366

I love fairy tales and always have ever since I was a little girl. I've always been partial to the Grimm's fairy tales and actually had no idea that there was an

older tradition of fairy tales from other European cultures until a few years ago. So far I have enjoyed (aside from the Grimm's) Straparola, Basile, and Perrault.
