With reference to both theoretical and applied economics, this Handbook is critical reading for economists working in the field of climate policy and climate change. It will also appeal to a broader group of environmental scientists and scholars.

Handbook on the Economics of Climate Change

This comprehensive Handbook provides a survey of all the major research areas in sports economics written by almost all of the active researchers in this field. It offers

not only an accessible insight into the major findings of the literature but also presents some of the world's principal researchers' views on the unanswered questions that face us today.

Handbook on the Economics of Sport

Both law and economics and intellectual property law have expanded dramatically in tandem over recent decades. This field-defining two-volume Handbook, featuring the leading legal, empirical, and law and economics scholars studying intellectual property rights, provides wide-ranging and in-depth analysis both of the economic theory underpinning intellectual property

law, and the use of analytical methods to study it.

Research Handbook on the Economics of Intellectual ...

This Handbook explores and critically examines current research in economics and marketing science on key issues in retailing and distribution. Providing a rich perspective for the discussion of public policy, contributions from several disciplines and continents range from the history of chains and the impact of multinational retailers on international trade patterns to US merger policy in the retail context, the rise of the Internet, and consumer-to-consumer sales.

Handbook on the Economics of Retailing and Distribution ...

Economics, cognitive science, regulatory theory, and legal analysis are all brought to bear to illuminate the field. The Handbook is particularly successful in its avowed mission of working to bridge the persistent gap between scholarship regarding insurance theory and operations and scholarship addressing legal issues surrounding insurance.' --(Jeffrey W. Stempel, University of Nevada, Las Vegas, US)
