Cultures, Communities, Competence, and Change provides a transcultural psychosocial conception of the nature of individual and social activity. The author presents an integrated view of how people develop a psychosocially-based awareness of themselves and their milieus to shape what he refers to as their 'internested' social systems.

As leaders navigate their way through the complexities of culture change, clarity, communication and change capacity are essential. The ability to influence others to change through attraction rather than force is the secret to lasting change. Use one essential or all four culture change essentials to increase your culture change success. 1.
