House of the Rising Sun

A Novel *Simon and Schuster*

Bestselling author James Lee Burke's masterpiece is the story of a father and son separated by war, circumstance, and a race for the Holy Grail—a thrilling entry in the Holland family saga The New York Times Book Review has described as “saturated with the romance of the past while mournfully attuned to the unholy menace of the present.” After a

violent encounter that leaves four Mexican soldiers dead, Texas Ranger Hackberry Holland escapes the country in possession of a stolen artifact believed to be the mythic cup of Christ, earning the ire of a bloodthirsty Austrian arms dealer who places Hack's son, Ishmael, squarely in the cross hairs of a plot to recapture his prize. On the journey from revolutionary Mexico in 1918 to the saloons of San Antonio during the Hole in the Wall Gang's reign, we meet three extraordinary women: the Danish immigrant who is Ishmael's mother and Hackberry's one true love; a brothel madam descended from the Crusader knight who brought the Shroud of Turin back from the

Holy Land; and a onetime lover of the Sundance Kid, whose wiles rival those of Lady Macbeth. In her own way, each woman will aid Hack in his quest to reconcile with Ishmael, to vanquish their enemies, and to return the Grail to its rightful place.

Chasing the Rising Sun

The Journey of an American Song

Simon and Schuster

Chasing the Rising Sun is the story of an

American musical journey told by a prize-winning writer who traced one song in its many incarnations as it was carried across the world by some of the most famous singers of the twentieth century. Most people know the song "House of the Rising Sun" as 1960s rock by the British Invasion group the Animals, a ballad about a place in New Orleans -- a whorehouse or a prison or gambling joint that's been the ruin of many poor girls or boys. Bob Dylan did a version and Frijid Pink cut a hard-rocking rendition. But that barely scratches the surface; few songs have traveled a journey as intricate as "House of the Rising Sun." The rise of the song in this country and the launch of its world travels can be traced to Georgia Turner, a poor, sixteen-year-old daughter of a miner living in Middlesboro, Kentucky, in 1937 when the young folk-music collector Alan Lomax, on a trip collecting field recordings, captured her voice singing "The Rising Sun Blues." Lomax deposited the song in the Library of Congress and included it in the 1941 book *Our Singing Country*. In short order, Woody Guthrie, Pete Seeger, Lead Belly, and Josh White learned the song and each recorded it. From there it began to move to the planet's farthest corners. Today, hundreds of artists have recorded "House of the Rising Sun," and it can be heard in the most diverse of places --

Chinese karaoke bars, Gatorade ads, and as a ring tone on cell phones. Anthony began his search in New Orleans, where he met Eric Burdon of the Animals. He traveled to the Appalachians -- to eastern Kentucky, eastern Tennessee, and western North Carolina -- to scour the mountains for the song's beginnings. He found Homer Callahan, who learned it in the mountains during a corn shucking; he discovered connections to Clarence "Tom" Ashley, who traveled as a performer in a 1920s medicine show. He went to Daisy, Kentucky, to visit the family of the late high-lonesome singer Roscoe Holcomb, and finally back to Bourbon Street to see if there really was a House of

the Rising Sun. He interviewed scores of singers who performed the song. Through his own journey he discovered how American traditions survived and prospered -- and how a piece of culture moves through the modern world, propelled by technology and globalization and recorded sound.

House of the Rising Sun *Start Publishing LLC*

Both a frightening apocalyptic story set in the southern United States and a character-focused, deeply moving literary thriller. What would happen if technology all over the world suddenly stopped working? When a strange new star appears in the sky, human life instantly

grinds to a halt. Across the world, anything and everything electronic stops working completely. At first, the event seems like a bizarre miracle to Seth Black—it interrupts his suicide attempt and erases gambling debt that threatened to destroy his family. But when Seth and his wife, Natalie, realize the electricity isn't coming back on, that their food supplies won't last, they begin to wonder how they and their two sons will survive. Meanwhile, screenwriter Thomas Phillips—an old friend of Natalie's—has just picked up Skylar Stover, star of his new movie, at the airport when his phone goes dead and planes begin to fall from the sky. Thomas has just

completed a script about a similar electromagnetic event that ended the world. Now, he's one of the few who recognizes what's happening and where it will lead. When Thomas and Skylar decide to rescue Natalie and Seth, the unwilling group must attempt to survive together as the world falls apart. They try to hide in Thomas's home and avoid desperate neighbors, but fear they'll soon be roaming the streets with starving refugees and angry vigilantes intent on forming new governments. It's all they can do to hold on to each other and their humanity. Yet all the while, unbeknownst to them, Aiden Christopher—a bitter and malignant man leveraging a crumbling

society to live out his darkest, most amoral fantasies—is fighting to survive as well. And he's on a collision course with Thomas, Skylar, and the Black family . . .

House of the Rising Son *St. Martin's Press*

Now released for the first time as a standalone e-story, *House of the Rising Son*, previously published in the *Dark Bites* story collection from #1 New York Times bestselling author, Sherrilyn Kenyon. The eldest son in a family of three boys, Aricles had no desire to be a soldier, even though his fighting skills were among the best in the world. He was more than content on his small Atlantean farm, living a quiet,

uneventful life. But when his brother is determined to don a soldier's uniform, Aricles joins him with a promise to their father to bring his brother home in one piece. What he never counts on is how much their new lives will forever change them, or what the risk of a forbidden love will ultimately cost him.

The Devil in the House of the Rising Sun *Xlibris Corporation*

What if Hitler had followed *Mein Kampf* the way he wrote it? What if Roosevelt had died earlier due to polio? What if Japan had attacked the coast of California and Germany attacked the eastern seaboard at the same time? Would world war two have been different? I think

so. I wrote this novel on these what ifs. I included several descriptions from heroes who served. Many of the real world war scenarios are used and reported. Many are made up. The fighting takes place in California, Nevada, and the South. And of course, the Pacific. Time line runs from prewar to 1942. Homefront life is described through the eyes of a twelve year old boy in Chicago. The trick is to identify what is real and what is made up.

That They May Face the Rising Sun *Faber & Faber*

That They May Face the Rising Sun was the last novel from John McGahern, one of Ireland's greatest novelists. Joe and Kate Rutledge have come to Ireland from London in search of a different life. In passages of beauty and truth, the drama of a year in their lives and those of the memorable characters that move about them unfolds through the action, the rituals of work, religious observances and play. We are introduced, with deceptive simplicity, to a complete representation of existence - an enclosed

world has been transformed into an Everywhere.

Killing the Rising Sun

How America Vanquished World War II Japan *Henry Holt and Company*

The powerful and riveting new book in the multimillion-selling Killing series by Bill O'Reilly and Martin Dugard Autumn 1944.

World War II is nearly over in Europe but is escalating in the Pacific, where American soldiers face an opponent who will go to any length to avoid defeat. The Japanese army follows the samurai code of Bushido, stipulating that surrender is a form of dishonor. Killing the Rising Sun takes readers to the bloody tropical-island battlefields of Peleliu and Iwo Jima and to the embattled Philippines, where General Douglas MacArthur has made a triumphant return and is plotting a full-scale invasion of Japan. Across the globe in Los Alamos, New Mexico, Dr. J. Robert Oppenheimer and his team of scientists are preparing to test the deadliest weapon known to mankind. In

Washington, DC, FDR dies in office and Harry Truman ascends to the presidency, only to face the most important political decision in history: whether to use that weapon. And in Tokyo, Emperor Hirohito, who is considered a deity by his subjects, refuses to surrender, despite a massive and mounting death toll. Told in the same page-turning style of Killing Lincoln, Killing Kennedy, Killing Jesus, Killing Patton, and Killing Reagan, this epic saga details the final moments of World War II like never before.

Mutiny on the Rising Sun

A Tragic Tale of Slavery, Smuggling, and Chocolate *NYU Press*

A little-known story of mutiny and murder illustrating the

centrality of smuggling and slavery in early American society. On the night of June 1, 1743, terror struck the schooner *Rising Sun*. After completing a routine smuggling voyage where the crew sold enslaved Africans in exchange for chocolate, sugar, and coffee in the Dutch colony of Suriname, the ship traveled eastward along the South American coast. Believing there was an opportunity to steal the lucrative cargo and make a new life for themselves, three sailors snuck below deck, murdered four people, and seized control of the vessel. *Mutiny on the Rising Sun* recounts the origins, events, and eventual fate of the *Rising Sun*'s final smuggling voyage in vivid detail. Starting from that horrible night in June 1743, it narrates a deeply human history of smuggling, providing an incredible story of those caught in the webs spun by illicit commerce. The case generated a rich documentary record that illuminates an international chocolate smuggling ring, the lives of the crew and mutineers, and the harrowing experience of the enslaved people trafficked by the *Rising Sun*. Smuggling stood at the center of the lives of everyone involved with the business of the schooner. Larger forces, such as imperial trade restrictions, created the conditions for smuggling, but individual actors, often driven by raw ambition

and with little regard for the consequences of their actions, designed, refined, and perpetuated this illicit commerce. At once startling and captivating, Mutiny on the Rising Sun shows how illegal trade created demand for exotic products like chocolate, and how slavery and smuggling were integral to the development of American capitalism.

Facing the Rising Sun

African Americans,

Japan, and the Rise of Afro-Asian Solidarity *NYU Press*

The surprising alliance between Japan and pro-Tokyo African Americans during World War II. In November 1942 in East St. Louis, Illinois a group of African Americans engaged in military drills were eagerly awaiting a Japanese invasion of the U.S.—an invasion that they planned to join. Since the rise of Japan as a superpower less than a century earlier, African Americans across class and ideological lines had saluted the Asian nation, not least because they thought its very existence undermined the pervasive notion of “white supremacy.” The list of supporters included Booker T.

Washington, Marcus Garvey, and particularly W.E.B. Du Bois. Facing the Rising Sun tells the story of the widespread pro-Tokyo sentiment among African Americans during World War II, arguing that the solidarity between the two groups was significantly corrosive to the U.S. war effort. Gerald Horne demonstrates that Black Nationalists of various stripes were the vanguard of this trend—including followers of Garvey and the precursor of the Nation of Islam. Indeed, many of them called themselves “Asiatic”, not African. Following World War II, Japanese-influenced “Afro-Asian” solidarity did not die, but rather foreshadowed Dr. Martin Luther King’s tie to Gandhi’s India and Black Nationalists’ post-1970s fascination with Maoist China and Ho’s Vietnam. Based upon exhaustive research, including the trial transcripts of the pro-Tokyo African Americans who were tried during the war, congressional archives and records of the Negro press, this book also provides essential background for what many analysts consider the coming “Asian Century.” An insightful glimpse into the Black Nationalists’ struggle for global leverage and new allies, Facing the Rising Sun provides a complex, holistic perspective on a painful period in African American history, and a unique glimpse into the meaning of “the

enemy of my enemy is my friend."

**World War Two:
Against The Rising
Sun Campfire**

Campfire's World War II: Against The Rising Sun focuses on the war in the East, through the eyes of the servicemen and civilians on both sides of the conflict. From the invasion of Manchuria by Japan in 1937, right through to the dropping of the atomic bombs on Hiroshima and

Nagasaki, we witness the end of the British Empire, the rise and fall of Japan and destruction the likes of which the world must never know again. While authoritative texts on World War Two often tend to focus disproportionately on the European theater of war, the Pacific theater was no less dramatic, with its roots stretching back to the early 1930s. This book tells the history of World War Two in the Pacific theater, told from many perspectives.

Hours after the bombing of Pearl Harbor, Japanese forces launched a devastating attack on U.S. troops in the

Philippines. In May 1942, after months of battle with no reinforcements and no hope of victory, the remaining American forces, holed up on the tiny island of Corregidor, suffered a humiliating defeat, and 11,000 fighting men became prisoners of war in the largest American capitulation since Appomattox. Those lucky enough to survive the brutal conditions of their captivity remained imprisoned until General MacArthur returned to the Philippines in 1945.

Robicheaux

A Novel *Simon and Schuster*

James Lee Burke's most beloved character, Dave Robicheaux, returns in this New York Times bestselling mystery set in the towns and backwoods of Louisiana: an "enthraling yet grim novel that...will captivate, start to finish" (Publishers Weekly). Dave Robicheaux is a haunted man. From the acts he committed in Vietnam, to his battles with alcoholism, to the sudden loss of his

beloved wife, Molly, his thoughts drift from one irreconcilable memory to the next. Images of ghosts pepper his reality. Robicheaux's only beacon remains serving as a detective in New Iberia, Louisiana. It's in that capacity that Robicheaux crosses paths with powerful mob boss, Tony Nemo. Tony has a Civil War sword he'd like to give to Levon Broussard, a popular local author whose books have been adapted into major Hollywood films. Then there's Jimmy Nightengale, the young poster boy of New Orleans wealth and glamour. Jimmy's fond of Levon's work, and even fonder of his beautiful, enigmatic wife, Rowena. Tony thinks Jimmy can be a US Senator someday,

and has the resources and clout to make it happen. There's something off about the relationship among these three men, and after a vicious assault, it's up to Robicheaux to uncover the truth "in the barn-burner of a climax" (Booklist, starred review). Complicating matters is the sudden death of the New Iberian local responsible for Molly's death; namely that Robicheaux's colleague thinks Robicheaux had something to do with it. As Robicheaux works to clear his name and make sense of the murder, a harrowing study of America emerges: this nation's abiding conflict between a sense of past grandeur and a legacy of shame, its easy seduction by demagogues and

wealth, and its predilection for violence and revenge. "It has been almost five years since James Lee Burke's last Dave Robicheaux novel, and it was absolutely worth the wait" (Associated Press).
