It is designed as a level two course for farmers writing a food

safety plan and for farmers who are considering or require a third party audit. Participants at previous trainings have left with mostly completed farm food safety plans in hand, and better prepared for third party audits. Lunch and resource materials will be provided.

Developing a Farm Food Safety Plan - Penn State Extension

A food safety plan does not need to be extensive and complicated—short and concise is better, in fact. Start small, and add to it as the season progresses or over a few years. A farm food safety plan is a living document that should be revised and added to over time. Similarly, you should remove outdated information and practices from your plan.
