In the Name of Allah *A-Team Publishing; New Revised Edition*

In The Name Of Allah: A History of Clarence 13X and The Five Percenters is the first definitive history ever written about this powerful youth movement. Thousands of young Blacks and Latinos have pledged allegiance to the philosophy of the Five Percenters. Their influence has permeated throughout the streets of urban America, the school system, rap music and the penal institutions. The origins of the Five Percenters can be traced to its founder the late Clarence 13X Smith a.k.a. "Allah." A former member of Elijah Muhammad's Nation of Islam, he studied under Minister Malcolm X at the Harlem Mosque in the early 60's. He left the organization and subsequently founded a youth movement based on the core doctrine of the NOI and his own lessons referred to as "Supreme Mathematics" and "Supreme Alphabets." The name and ideology of the Five Percenters are derived from NOI teachings that describe the population into three categories. The 85% are misled to believe in a "mystery god," the 10% teach lies to master the poor and superstitious, and alas the 5% are the "poor righteous teachers" of "freedom, justice and equality" who teach that the true and living God is the "Black Man of Asia." During his short reign as leader of the Five Percenters, Clarence 13X (Allah) faced many challenges but accomplished many objectives. Unfortunately in June of 1969, he was gunned down by unknown assassins. He left a legacy of countless youth who embraced the concepts of the Five Percenters which are evident in the conscious youth of today that identify with his teachings. Until now, there has yet to be a comprehensive history written in regard to the man called Allah and the Five Percenters. This information has now been compiled and presented as an anthology by a member of the movement over the past 25 years. "In The Name of Allah: A History of Clarence 13X and the Five Percenters" is a must have for anyone who desires to know more about the controversial movement.

Peace in the Name of Allah *Walter de Gruyter GmbH & Co KG*

From Anwar al-Sadat’s dramatic gambit in 1977 to the surprising declaration of the Abraham Accords in 2020, making peace with Israel was always a tough sell for Arab regimes. Through an analysis of hundreds of fatwas, sermons, essays, books, interviews, poems, postage stamps and other media, Peace in the Name of Allah examines how Egyptian, Jordanian, and Emirati political and religious authorities introduced Islamic justifications for peace with Israel, and how those opposed countered them. The discussion demonstrates the flexible and ambiguous nature of revelation-based political discourses; Islam is neither ‘for’ nor ‘against’ peace with Israel – people are, as different Muslim political actors take competing or even contradictory positions.

In the Name of Allah *Viking Penguin*

The history of Islam in India has resulted in impassioned debates between scholars-from the secularists to the Hindu right. Arguing that these histories tend to project modern concerns back in time, Raziuddin Aquil conducts a dispassionate investigation of the period between the thirteenth and the nineteenth centuries, from the heyday of Muslim political domination of large areas of the Subcontinent to the decline of the Mughals, accompanied by the transformations colonialism brought in its wake. Using texts from the medieval and early modern periods, Aquil uncovers connections between a variety of factors-the religious orthodoxy or the ulama; Muslim rulers' attempts to deal with competing religious ideologies; the influence of Sufi traditions; the emergence of Sikhism and its tenuous relationship with Islam; and the development of Urdu as a language of the people. Situating his arguments in the context of contemporary politics involving Hindus and Muslims, Islam and the West, and the long-term struggles within Muslim societies between reason and faith, Aquil contends that some of the issues explored here have come down to us from medieval times while others have been transformed completely into concerns that are purely modern in origin. Penetrating and readable, In the Name of Allah tackles the legacy of Muslim rule in India, and in the process presents Islam as a complex and continually changing tradition.

Murder in the Name of Allah *Islam International Publications Ltd*

Murder in the Name of Allah is the first translation into English of Mazhab Ke Nam Per Khoon, a re-affirmation of the basic tenets of Islam. Hardly a day passes on which an Islamic event does not make headlines. The president of a Muslim country is assassinated by the supporters of Muslim brotherhood; a European journalist is taken hostage by Islamic Jihad; a Pan-American aircraft is hijacked by another Muslim group; American university professors are taken into custody by Hezbollah; Two passenger-carrying airplanes were slammed in to world trade center. The glare of 'Islamic' revolution in Iran is reflected through the flares of every Gulf oil refinery. This book is a reminder that the purpose of any religion is the spread of peace, tolerance and understanding. It argues that the meaning of Islam—submission to the will of God—has been steadily corrupted by minority elements in the community. Instead of spreading peace, the religion has been abused by fanatics and made an excuse for violence and the spread of terror, both inside and outside the faith. In confirming the true spirit of Islam, it makes the point to followers of all religions that the future of mankind depends on the intrinsic values of love, tolerance, and freedom of conscience and of belief.

The Mysteries of Allah and His Muhammad *Strategic Book Publishing & Rights Agency*

The Mysteries of Allah and His Muhammad is indeed a scanty summary of a potentially great debate. However unwieldy or incomprehensible the actual details may be, certain contexts of the whole or part can always be identified for discussion. In the physique of mankind, Allah manifests. He does so on nature glaringly, just as is inferred from various sections of the book. Whilst He does, the divinity of a being “not more than a prophet” is also undoubtedly established. That co-joining of the One and Only Creator and a creation (a man, Muhammad), who coincidentally is most positively and negatively controversial, should interest those who consider man to be the meanest of God’s creations. That we may not discount knowledge of any sort, even that considered most sacrilegious (science), God’s inspiration to a mortal being (Muhammad) corroborates too many ideas put forth by scientists or intellectuals’ discoveries and postulations. What a mystery that the lightbulb, which in theory and description was already encoded in the Quran more than a thousand years ago, before one bulb ever rolled out in a factory! Only simple minds take things for granted and give no thought to the grandiose schemes of our world and its elements. This book serves as a jolt to those who oversimplify “what is” or the mysterious.

God or No God *Haya Muhammad Eid*

It was narrated that a Bedouin was traveling on his camel when his camel suddenly dropped dead. He descended from the camel's back and started circling it while meditatively saying: Why don't you get up? Why don't you come back to life? Here are your limbs! They are perfectly complete and your body is sound! What is the matter with you? What used to keep you going? What worked in you to make you alive? What caused you to die? What stopped you now from moving? Then he left his camel in amazement, wondering what had happened to it. There are traces of past and present creations everywhere — are they meaningless or living signs of a Creator God?

The Book of the Jihad of 'Ali ibn Tahir al-Sulami (d. 1106) *Routledge*

In 1105, six years after the first crusaders from Europe conquered Jerusalem, a Damascene Muslim jurisprudent named 'Ali ibn Tahir al-Sulami (d. 1106) publicly dictated an extended call to the military jihad (holy war) against the European invaders. Entitled Kitab al-Jihad (The Book of the Jihad), al-Sulami's work both summoned his Muslim brethren to the jihad and instructed them in the manner in which it ought to be conducted, covering topics as diverse as who should fight and be fought, treatment of prisoners and plunder, and the need for participants to fight their own inner sinfulness before turning their efforts against the enemy. Al-Sulami's text is vital for a complete understanding of the Muslim reaction to the crusades, providing the reader with the first contemporary record of Muslim preaching against the crusaders. However, until recently only a small part of the text has been studied by modern scholars, as it has remained for the most part an unedited manuscript. In this book Niall Christie provides a complete edition and the first full English translation of the extant sections (parts 2, 8, 9 and 12) of the manuscript of al-Sulami's work, making it fully available to modern readers for the first time. These are accompanied by an introductory study exploring the techniques that the author uses to motivate his audience, the precedents that influenced his work, and possible directions for future study of the text. In addition, an appendix provides translations of jihad sermons by Ibn Nubata al-Fariqi (d. 985), a preacher from Asia Minor whose rhetorical style was highly influential in the development of al-Sulami's work.
