IATA's 76th Annual General Meeting (AGM) was held on 24 November 2020. Find out all about this major event in the world of aviation.

IATA - Economics

It is easy to overlook the cost of a propeller overhaul or a reserve fund for replacing avionics, for example. Manufacturers, estimated aircraft operating costs often paint a rosier picture than what owners actually experience. Hourly operating expenses can be broken down into four components: direct, fixed, reserves, and variable. Direct costs are out-of-pocket expenses: fuel, oil, and landing fees. The amount depends directly on how much the aircraft is flown.
