Obscure Mormon Doctrine: Uncommon Beliefs of The Church of Jesus Christ of Latter-day Saints (LDS) *R. R. Bowker*

"Amazingly enough, Christ is the Jehovah of the Old Testament and the God of Israel. It was Christ who led the nation of Israel out of Egyptian bondage, and it was he who gave and fulfilled the Law of Moses." This book is different from other books about the Latter-day Saints (LDS) in at least two ways. First, it focuses on details of LDS doctrine that are relatively unknown, even to church members. Second, because its purpose is to inform, not persuade, it presents these details in a neutral, unflinching, warts-and-all way. The reader can then decide for him- or herself what to believe. As Jensen states

in his Introduction, he wrote the book for three audiences. First, he wrote it for himself. Although he grew up in the church and served a church mission, he was often confused about the more cryptic points of LDS doctrine, of which there are many. For example, if someone had asked him to explain in detail the LDS position on angels, or Jews, or Zion, he knew wouldn't have been able to. So he wrote the book to understand - to "get to the bottom of" - the church's more obscure beliefs and follow the implications to their logical conclusion. Second, he wrote it for non-Mormons who are curious about the religion and seek a book that is unbiased and informative while also being light and readable. Third, he wrote it for members of the church who are fuzzy on the details of the topics discussed in the book and would like to understand them better. The church has always placed great stock in education, especially as it relates to God's plans for us. This book will help educate church members on the finer points of their doctrine - on what one actually believes, or should believe, as a Latter-day Saint. Were Adam and Eve married? Is there a hell of fire and brimstone? Does the earth have a spirit? Does Satan have a body? Who are the Lost 10 Tribes? Where did Noah set off from in his ark? Will animals and plants be resurrected? In this book, you'll find unflinching answers (from the LDS perspective) to those important and interesting questions - and many more.

Included in these pages are the events and stages the Lord has predicted, through his servants, the winding-up scenes of this world. A Marvelous Work and a Wonder

Church of Jesus Christ of Latter Day Saints

This is a new release of the original 1950 edition.

"This Is My Doctrine"

The Development of Mormon Theology

The principal doctrines defining Mormonism today often bear little resemblance to those it started out with

in the early 1830s. This book shows that these doctrines did not originate in a vacuum but were rather prompted and informed by the religious culture from which Mormonism arose. Early Mormons, like their early Christian and even earlier Israelite predecessors, brought with them their own varied culturally conditioned theological presuppositions (a process of convergence) and only later acquired a more distinctive theological outlook (a process of differentiation). In this first-of-its-kind comprehensive treatment of the development of Mormon theology, Charles Harrell traces the history of Latter-day Saint doctrines from the times of the Old Testament to the present. He describes how Mormonism has carried on the tradition of the biblical authors, early Christians, and later Protestants in reinterpreting scripture to accommodate new theological ideas while attempting to uphold the integrity and authority of the scriptures. In the process, he probes three questions: How did Mormon doctrines develop? What are the scriptural underpinnings of these doctrines? And what do critical scholars make of these same scriptures? In this enlightening study, Harrell systematically peels back the doctrinal accretions of time to provide a fresh new look at Mormon theology. "This Is My Doctrine" will provide those already versed in Mormonism's theological tradition with a new and richer perspective of Mormon theology. Those unacquainted with Mormonism will gain an appreciation for how Mormon theology fits into the larger Jewish and Christian theological traditions.

Life's Lessons Learned

Producing Ancient Scripture

Joseph Smith's Translation Projects in the Development of Mormon Christianity

Joseph Smith, the founding prophet of the Church of Jesus Christ of Latter-day Saints and of the broader Latter-day Saint movement, produced several volumes of scripture between 1829, when he translated the Book of Mormon, and 1844, when he was murdered. The Book of Mormon, published in 1830, is well known. Less read and studied are the subsequent texts that Smith translated after the Book of Mormon, texts that he presented as the writings of ancient Old World and New World prophets. These works were published and received by early Latter-day Saints as prophetic scripture that included important revelations and commandments from God. This collaborative volume is the first to study Joseph Smith's translation projects in their entirety. In this carefully curated collection, experts contribute cutting-edge research and incisive analysis. The

chapters explore Smith's translation projects in focused detail and in broad contexts, as well as in comparison and conversation with one another. Authors approach Smith's sacred texts historically, textually, linguistically, and literarily to offer a multidisciplinary view. Scrupulous examination of the production and content of Smith's translations opens new avenues for understanding the foundations of Mormonism, provides insight on aspects of early American religious culture, and helps conceptualize the production and transmission of sacred texts.

New Light on Ancient Origins

Since 1830, millions of people have read the Book of Mormon and become convinced that Joseph Smith's account of its ancient origins is correct. Others, however, assume that the book must be a fraud. The Book of Mormon describes peoples, cultures, history, and lands largely unknown to the 19th-century world. But today we enjoy a relative wealth of information about those times and peoples, providing a background against which the Book of Mormon's claims of ancient origin can be tested. This volume brings together a collection of initial efforts to mount such tests. Although first published in 1982, these nine essays have not been outdated or refuted by subsequent studies. The

evidence and conclusions they put forward are just as persuasive today as when they were first published.

The Book of Mormon *NuVision Publications*

The Book of Mormon is a translation of golden tablets given to Joseph Smith who wrote of their account of a plan for salvation and what men must do to gain peace in this life and eternal redemption in the life to come. Smith received these

golden plates from Mormon's son Moroni who was dead but considered glorified and resurrected on September 21, 1823. Smith said he was instructed by God to provide the rendering of these documents into the English language. This New Bible speaks of Jesus' appearance in America after His resurrection. He spoke to the Indians and taught them about salvation and propitiation and their future worshipping God.

My Will Or Thine

An Inspiring True Story about Lds Priesthood Blessings and the Difficult Questions Surrounding Them *Inky's Nest Publishing*

Fans of Jeffrey R. Holland, Sheri Dew, and Dieter F. Uchtdorf will love this book. An inspiring true story of faith, hope, and God's love. As I held my infant son in my arms, I began to ponder some difficult questions regarding LDS priesthood blessings. If his life ever became threatened by illness or accident and I needed to administer a priesthood blessing, how could I possibly know what to say? How could I know whether my feelings were from inspiration or from my own desires? If my duty was to tune into the frequency of the "Still, Small Voice" prompting me, then how could I possibly tune out the fatherly instincts screaming inside my head? I also began to wonder about other blessings that were not meant for the healing of the sick and afflicted-blessings of comfort and guidance. If I were facing a tough decision, what did it matter if I had someone give me a blessing? If my faith and obedience was the key to receiving God's blessings, wouldn't it be just as beneficial to only fast and pray? In searching for answers to these (and

other) questions, I spent a lot of time with my nose in the scriptures, listening to LDS General Conference talks, reading blogs, and devouring good books. It seemed like the majority of what I read on the subject of priesthood blessings was dedicated to miracles-the kind where people were able to "arise and walk" after being near death, etc. Many of them said something like, "The power of priesthood blessings is real. Let me tell you about a miracle I witnessed as a result of a priesthood blessing." I wholeheartedly believe in God showing his divine power by healing people in miraculous ways, but those stories are considered miraculous and special for a reason-they're not how things typically go. It would be easy to have faith in priesthood blessings if everyone were healed instantly every time a blessing was pronounced, but faith is not always that easy. Often times, and definitely so in my case, we learn best by experience. Answers to my questions did not become clear to me until I found myself in one of those dire and scary situations-the kind that terrified me and tried my soul to the highest level. This book is a true story. It purposefully does not contain any "arise and walk" type of miracles, but as you follow the inspiring journey of how I found answers to my own questions, your faith and testimony surrounding priesthood blessings and God's love will grow.

This special edition of the Lectures on Faith from Zion's Camp Books is formatted for convenience on an eReader, with more than 100 internal links to scriptures and citations. We hope it will give you a great reading experience! The Lectures on Faith were originally prepared as materials for the School of the Prophets in Kirtland, Ohio in 1834 and were included in the Doctrine and Covenants from 1835 to 1921. Although the Lectures on Faith have never been accepted as revelation by the body of the church (and so were removed from the Doctrine and Covenants in 1921), they contain important doctrinal insights that can help anyone seeking to learn more about faith and come closer to Heavenly Father and Jesus Christ. President Joseph Fielding Smith noted, "I suppose that the rising generation knows little about the Lectures on Faith. . . . In my own judgment, these Lectures are of great value and should be studied. . . . I consider them to be of extreme value in the study of the gospel of Jesus Christ." (Joseph Fielding Smith, *Seek Ye Earnestly*. Salt Lake City: Deseret Book, 1970.) Elder Bruce R. McConkie of the Quorum of the Twelve Apostles has stated the lectures contain "some of the best lesson material ever prepared on the Godhead; on the character, perfections, and attributes of God; on faith, miracles, and sacrifice. They can be studied with great profit by all gospel scholars." (Bruce R. McConkie, *Mormon Doctrine*. Salt Lake City: Bookcraft, 1966.)
