Believing You Can Is The

Professor Carol Dweck from Stanford University suggests when it comes to achieving success, more important than believing in your abilities is the belief that you can improve upon your abilities. Developing a growth mindset helps you regard failures and setbacks as just part of a learning process, and gives you the motivation and persistence to master new skills.

Believing in yourself means you're motivated to get things done. Get into the habit of setting goals (both short-term and long-term). Then, you can take active steps to achieve them. With

every goal that you achieve, no matter how small, your confidence will increase.

Believing in yourself - a critical step on the path to ...

Believing that God can and will save you is giving up your power. You may not take action because you believe God will provide. "If God wants me to eat then food will show up at my door." Or "If God wants me to get a job then someone will call me with one." It's a powerless way to live. It's not wrong to hope and pray for good outcomes.

The Danger Of Believing Too Much In God Will Save You ...

Belief is a practical instrument that you can use to shape reality. Have you ever considered that you decide what you believe? Not your friends, colleagues, family, or even the media. You observe things, and then decide what you believe. That's why belief creates facts. No, life is not an R. Kelly song. You can't fly, no matter how hard you believe it.

If You Can Believe It, You Can Achieve It - Darius Foroux
