Error Analysis Jack C Richards

Dr Richards responds:
Some features of learner language The language learners produce when they are learning English reflects many different factors, such as their stage of grammatical development, the kind of communication they are engaged in, and the learner's first language as well as the strategies the learner is making use of in communication.

Error Analysis - Professor Jack C. Richards

Professor Richards Responds: I don't think there are any specific suggestions that result directly from error analysis. Error analysis

has largely been replaced by other kinds of research in the field of Second Language Acquisition. However one of the general conclusions that developed out of early work in error analysis was that errors are not necessarily signs of faulty learning, but are indication of a creative-construction process at work as learners test out hypotheses and abstract ...

My early work on error analysis supported this view (Richards, 1974). Behaviourism as an explanation for language learning was subsequently rejected

by advocates of more cognitive theories of language and of language learning that appeared in the 1960s and 1970s.
