Yoke Grade 10 Master Links are manufactured from alloy steel. All Master Links are individually proof load tested to 2.5 x WLL. Suitable for use in a temperature range of -40C up to 200C without reduction in WLL. Conforms to EN1677-4.

William Hackett G10 Masterlink | RS Industrial Services

Grade 10 (or G10) chain slings are becoming more widely used due to their increase in load capacity of +25% over Grade 8. This increase in working load limit (WLL) allows the user in certain circumstances to select a smaller chain diameter than that of G8 which makes the sling lighter and therefore easier to handle.
