The Practical Guide to CRM Data Security in 2018. A great deal of responsibility falls on companies asking for customer data. Such a request is usually made under the auspice of improving services -- which is a reasonable proposition if you're a customer -- and there should be a reasonable expectation that the customers' data will be protected. After all, making data available to one commercial entity -- as partial exchange for improved services to-be-rendered -- hardly means it's ...
