Actors and audience in the roman courtroom

The drama thus enacted, whether in the theater proper or in the political arena, unfolds in all its rich complexity in Actors in the Audience. This is a book about language, theatricality, and empire—about how the Roman emperor dramatized his rule and how his subordinates in turn staged their response. The focus is on Nero: his performances onstage spurred his contemporaries to reflect on the nature of power and representation, and to make the stage a paradigm for larger questions about ...

Shakespeare: Actors and Audiences brings together the voices of those who make productions of Shakespeare come to life. It shines a spotlight on the relationship between actors and audiences and explores the interplay that makes each performance unique. We know much about theatre in Shakespeare's time but very little about the audiences who attended his plays.

In nondramatic theatre the performer generally acknowledges the presence of the audience and may even play directly to it. In dramatic theatre the actor may or may not do so. In Greek Old Comedy, for example, an actor speaking for the author might cajole, advise, or challenge the spectators. By contrast, the naturalistic actor plays as though a “fourth wall” closes off the room of the stage.

Presenting your drama - Interpreting and staging a scene ...

The fourth wall is a performance convention in which an invisible, imagined wall separates actors from the audience. While the audience can see through this "wall", the convention assumes, the actors act as if they cannot. From the 16th century onward, the rise of illusionism in staging practices, which culminated in the realism and naturalism of the theatre of the 19th century, led to the development of the fourth wall concept. The metaphor suggests a relationship to the mise-en-scène behind a
