DOI:10.3366/edinburgh/9780748643042.003.0007. This chapter explores the different, often contradictory, meanings of empire and sovereignty in the history of the modern Middle East and considers how they have interacted, positively and negatively, with the development of states and institutions. It argues that the experience of Western imperialism and state-building interacted, often negatively, with pre-existing notions of sovereignty, leadership and modes of territorial, political and ...
