Public Sector Accounting And Budgeting

Traditionally, public sector budgeting has relied on the 'incremental approach'. This means that the previous year's budget is carried forward to the next budget round. The next budget is adjusted for known factors, including new legislative requirements,

performance indicators, such as response times, and the anticipated levels of cost and salary inflation.

Public Sector is a part
of the country's
economy where the
control and
maintenance are in the
hands of Government.
If we talk about Private
Sector, it is owned and
managed by the
private individuals and
corporations. The aim
of the public sector is
to serve people, but
private sector
enterprises are
established with the
profit motive.
