Natural law in the American legal system is centered on the belief that everything in life has a purpose, and that humans' main purpose is to strive to live a life that is both "good" and happy. Any behaviors or actions that deliberately obstruct that one simple goal are considered to be "unnatural" or "immoral."

Natural Law - Definition, Meaning, Examples, and Theory

Natural law (Latin: *ius naturale*, *lex naturalis*) is a system of law based on a close observation of human nature, and based on values intrinsic to

human nature that can be deduced and applied independent of positive law (the enacted laws of a state or society). According to natural law theory, all people have inherent rights, conferred not by act of legislation but by "God, nature, or reason."

Natural law - Wikipedia

Natural law assumes that all people believe in the same Judeo-Christian God, and thus share an understanding of natural law premises.

2) laws derived from nature and reason, embodied in the Declaration of Independence assertion that "all men are created equal, that they are endowed by their creator with certain inalienable

Rights, that among these are Life, Liberty and the pursuit of happiness.

Natural law legal definition of natural law

Natural Law. "THIS law of nature, being co-eval with mankind and dictated by God himself, is of course superior in obligation to any other. It is binding over all the globe, in all countries, and at all times: no human laws are of any validity, if contrary to this; and such of them as are valid derive all their force, and all their authority, mediately or immediately, from this original."

Natural Law in Court asks how lawyers and judges made and interpreted natural law arguments in England, Europe, and the United States, from the beginning of the sixteenth century to the American Civil War. R. H. Helmholz sees a remarkable consistency in how English, Continental, and early American jurisprudence understood and applied natural law in cases ranging from family law and inheritance to criminal and commercial law.

The claim that justice is a necessary condition of law qua law has always been one of the central

tenets of natural law—the idea that there is an objective, intelligible moral order built into the fabric of the world and, in particular, into human nature. In Western thought the idea of natural law is as old as Antigone’s invocation of the eternal, unwritten laws against Creon’s insistence that the ruler established by the city must be obeyed no matter what—whether what the ruler ...
