Mister Chemistry Welcomes You! - Chemistry teacher at ...

Our major goal in the ninth edition has been to strengthen an already strong textbook while retaining its effective and popular style. The traditional strengths of Chemistry: The Central Science include its clarity of writing, its scientific accuracy and currency, its strong end-of-chapter exercises, and its consistency in level of coverage. In making changes to this edition, we have tried to be responsive to the feedback we received from the faculty and students who used the eighth edition.
