"Singularity" refers to a hypothetical point in the future when artificial intelligence will surpass human intelligence. The Last Firewall is the third book in the Singularity series by independent author, William Hertling, and takes place in a post-singularity world. I have not read the first two books, but did not feel that that kept me from enjoying this book.

The Last Firewall continues the Singularity series with an action packed and cerebral third volume. I love the way the characters have aged from the first book to the third with new characters added in as the story continues. I was a little upset that the original A.I., ELOPE, is not involved in this story. But the

overall adventure continues.
