One of the best ways for students to get better at making connections is to hear other students' connections. While teaching this strategy, be sure to close your reading block each day with a time of sharing where students can orally discuss the connections that they made while reading. Continue to model and share your own connections so that students begin to hear what makes a great connection. assessing your students on making connections

Making connections Understanding attachment helps teachers build resilience in young people. Resilience can be one of those buzz words in education. It is easy to talk about, but trying to help vulnerable young people become more resilient can be more difficult than we imagine.

Making connections | General Teaching Council for Scotland

One way that a teacher can assist learners with making connections is to develop outcomes and objectives in other than just behavioral terms which emphasize memory and ignore meaningfulness for the learner. When considering outcomes and objectives, teachers need to appreciate and reexamine the difference between memorization and meaningful learning.
