From Procrastination to Creative Genius in 15 Minutes a Day

New World Library

"Organized" and "artist" don't usually go together. Creative types are more often seen as sensitive, melodramatic, eccentric, misunderstood, and the like. To labels like this, Sam Bennett says, "Congratulations! You're an artist." And through The Organized Artist Company, she has coached hundreds of artists to overcome procrastination, lack of focus, and time-

sucking habits so that they can get their art done and out into the world. Bennett explains why "procrastination is genius in disguise" and then prescribes dozens of wonderfully revelatory exercises. From "My Heroes" lists to "Could Do" lists (because To-Do lists make Bennett belligerent) to recognizing who you should not talk to about your project and when research has created Analysis Paralysis, each of these actions requires only a 15-minute commitment. But while quickly accomplished, each shifts the reader's thinking and prompts the kind of insights that have the power to turn underperforming geniuses into accomplished artists"--

Surprising Lessons from the Science of Motivation *Little, Brown Spark*

Discover a "compelling" framework for setting and achieving your goals (Carol Dweck, author of *Mindset*), from a psychologist on the cutting edge of motivational science. A great deal of ink has been spilled on the subject of motivating and influencing others, but what happens when the person you most want to influence is you? Setting and achieving goals for yourself—at work, at home, and in relationships—is harder than it seems. How do you know where to start? How do you carry on in the face of roadblocks and

distractions? How do you decide which tasks and ambitions to prioritize when you're faced with more responsibilities, needs, and desires than you can keep track of? In *Get It Done*, psychologist and behavioral scientist Ayelet Fishbach presents a new theoretical framework for self-motivated action, explaining how to: Identify the right goals Attack the "middle problem" Battle temptations Use the help of others around you And so much more... With fascinating research from the field of motivation science and compelling stories of people who learned to motivate themselves, *Get It Done* illuminates invaluable strategies for pulling yourself in

whatever direction you want to go—so you can achieve your goals while staying healthy, clearheaded, and happy.

From To-Do to Done

How to Go from Busy to Productive by Mastering Your To-Do List

Sourcebooks, Inc.

Trying to remember a bunch of details and tasks isn't the best use of your brainpower. By collecting all of your tasks in one place, you can reserve your mental energy for work that drives significant results, both in your professional life and your personal life. To start, productivity expert Maura Thomas takes us through an exercise called "brain dumping," which will clear your mind of all the things you're trying to remember you have to do—all the things that are distracting you or keeping you up at night. She then shows us the right way to use a calendar, the tools you'll need to succeed,

and a better way of categorizing your tasks in order to identify the best use of your time and inspire you to take action. This is not another book on time management; this is a book on how to take back control of your busy life. Not only will you be focusing on the things that truly matter, but you'll also experience boosts in your mood and mindset—you'll feel more in control and less overwhelmed; you'll feel a greater sense of accomplishment now that you're focusing on what's truly important to you.

Transform Yourself from Overwhelmed to Overachiever

St. Martin's Griffin

Want to conquer your e-mail inbox once and for all? Need help getting organized and staying focused? Start reading! Millions of people already benefit from the innovative, time-saving tips that Stever Robbins dispenses each week in his #1 ranked Get-It-Done Guy podcast. Now he's come up with a 9-step plan to transform even the most overwhelmed into an overachiever. You will learn to: Beat procrastination by speed dating your tasks: You'll face anything if it's just for three minutes; schedule small, finite periods of time for

those tasks that seem too overwhelming to get started on. Give your technology a performance review: Our smart phones, PDAs, and computers often make less work in one area while making much more work in others. Review your technology to make sure it's delivering on its promise. Cut out the small talk: Small talk builds superficial relationships, which is a grand waste of time. Ask better questions to make instant connections that'll benefit you for years to come. Written in the uniquely humorous style Stever is known for, Get-It-Done Guy's 9 Steps to Work Less and Do More will help you break the bad habits slowing you down and holding you

back. Work less and do more—your free time is waiting!

The 21-Day Mind Hack System to Double Your Productivity and Finish What You Start

TCKPublishing.com

This book is for creative entrepreneurs who have a mission and a message to deliver to the world. I call them Awakened Creators - people who have chosen to awaken their genius and powerfully deliver their gifts and message to the world. Bringing our ideas to life isn't easy and more often than not, we find ourselves stalling, procrastinating and holding back. The list of reasons and excuses is endless and

deeper down, there is a nagging feeling that something's wrong and we could be further along in our work than we are now, if only we just did what we needed to do. Maybe we're working all the time and are burned out, but we're not getting the results we want and find ourselves putting off the important things we know we need to do. This book is for you if:- You aren't showing up fully- You're under-achieving and under-delivering- You're tired of your own excuses- You want more freedom, more income and more impact- You want to deliver to the world the things that are inside of you - and stop holding back- You're ready for a change and willing to do what it takes- And

most importantly, You're up for the challenge! The Big Promise... I believe you could be at least 2-16 times more successful than you currently are. All that is needed to make this upgrade is for you to show up fully in your power, stay focused on your most impactful project, and stop wasting time in the small stuff that's getting you nowhere. I believe you are extremely powerful. I believe you have a message to share and many lives to change. Once you get those annoying voices, ineffective working habits, and reasons for playing small out of your head and your life, you'll be free to create fearlessly and make amazing things happen - Fast.

Rest

Why You Get More Done When You Work Less *Basic Books*

Sit back and relax and learn about why overworking and under resting can be harmful to yourself and your career. "Rest is such a valuable book. If work is our national religion, Pang is the philosopher reintegrating our bifurcated selves."--- Arianna Huffington, New York Times Book Review Overwork is the new normal. Rest is something to do when the important things are done-but they are never done. Looking at different forms of rest, from sleep to vacation, Silicon Valley futurist and business consultant Alex Soojung-Kim Pang dispels the myth that

the harder we work the better the outcome. He combines rigorous scientific research with a rich array of examples of writers, painters, and thinkers--from Darwin to Stephen King---to challenge our tendency to see work and relaxation as antithetical.

"Deliberate rest," as Pang calls it, is the true key to productivity, and will give us more energy, sharper ideas, and a better life. Rest offers a roadmap to rediscovering the importance of rest in our lives, and a convincing argument that we need to relax more if we actually want to get more done.

**Own Your Time,
Take Back Your Life**

*Gildan Media LLC aka
G&D Media*

While productivity and time management expert Brian Tracy has been writing bestselling books and giving seminars on these topics for well over thirty years, the challenge of remaining optimally productive in our modern world has never been greater. How can this be? We live in the most technologically advanced period of history in the most technologically advanced country. With the advent of mobile phones, killer apps, internet speeds that stagger the imagination, and nearly any bit of information, products, and solutions only one click away, how can it be that remaining optimally productive is

such a challenge for so many? In a word: DISTRACTION. Many of us spend precious time focusing on the incessant e-mails, texts, notifications, ads, etc. that seem important—even urgent—to our success and happiness, but, in reality, only complicate our lives and take us even further from our goals. Brian addresses this challenge of distraction in its many forms and shows you how to “feed your focus” on a daily basis. You will learn:

- Productivity Promises and Pitfalls in our Modern Age
- The Psychology of Productivity
- The Best Productivity Methods Ever Conceived
- How to End Procrastination Once and For All

How to Get Sh*t Done

Why Women Need to Stop Doing Everything so They Can Achieve Anything *Simon and Schuster*

From the editor-in-chief and co-owner of the highly respected self-improvement site Pick

the Brain comes an inspirational guide for overscheduled, overwhelmed women on how to do less so that they can achieve more. Women live in a state of constant guilt: that we're not doing enough, that we're not good enough, that we can't keep up. If we're not climbing the corporate ladder, building our side hustle, preparing home-cooked meals, tucking the kids in at night, meditating daily, and scheduling playdates, date nights, and girls' nights every week, we feel like we're not living our best lives. Yet traditional productivity books—written by men—barely touch on the tangle of cultural pressures that women feel when facing down a to-do list. Now, Erin

Falconer will show you how to do less—a lot less. In fact, *How to Get Sh*t Done* will teach you how to zero in on the three areas of your life where you want to excel, and then it will show you how to off-load, outsource, or just stop giving a damn about the rest. As the founder of two technology start-ups and one of Refinery29's Top 10 Women Changing the Digital Landscape for Good, Erin has seen what happens when women chase an outdated, patriarchal model of productivity, and now she shows you how even the most intense perfectionist among us can tap into our inner free spirit and learn to feel like badassess. Packed with real-life advice, honest stories from Erin's

successful career, and dozens of actionable resources, *How to Get Sh*t Done* will forever reframe productivity so that you can stop doing everything for everyone and start doing what matters to you.

What Motivates Getting Things Done

Procrastination, Emotions, and Success *Rowman & Littlefield*

A marvel of evolution is that humans are not solely motivated by their desire to experience positive emotions. They are also motivated, and even driven to achieve, by their attempt to avoid or seek relief from negative ones. **What Motivates Getting Things Done: Procrastination,**

Emotions, and Success explains how anxiety is like a highly motivating friend, why you should fear failure, and the underpinnings of shame, distress, and fear in the pursuit of excellence. Many successful people put things off until a deadline beckons them, while countless others can't resist the urge to do things right away. Dr. Lamia explores the emotional lives of people who are successful in their endeavors—both procrastinators and non-procrastinators alike—to illustrate how the human motivational system works, why people respond to it differently, and how everyone can use their natural style of getting things done to their advantage. The book

illustrates how the different timing of procrastinators and non-procrastinators to complete tasks has to do with when their emotions are activated and what activates them. Overall, *What Motivates Getting Things Done* illustrates how emotions play a significant role in our style of doing, along with our way of being, in the world. Readers will acquire a better understanding of the innate biological system that motivates them and how they can make the most of it in all areas of their lives.

American Reboot

An Idealist's Guide to Getting Big Things Done *Simon and Schuster*

From former Republican

Congressman and CIA Officer Will Hurd, a bold political playbook for America rooted in the timeless ideals of bipartisanship, inclusivity, and democratic values. It's getting harder to get big things done in America. The gears of our democracy have been mucked up by political nonsense. To meet the era-defining challenges of the 21st century, our country needs a reboot. In *American Reboot*, Hurd, called "the future of the GOP" by Politico, provides a clear-eyed path forward for America grounded by what Hurd calls pragmatic idealism—a concept forged from enduring American values to achieve what is actually achievable. Hurd takes on five seismic problems

facing a country in crisis: the Republican Party's failure to present a principled vision for the future; the lack of honest leadership in Washington, DC; income inequality that threatens the livelihood of millions of Americans; US economic and military dominance that is no longer guaranteed; and how technological change in the next thirty years will make the advancements of the last thirty years look trivial. Hurd has seen these challenges up close. A child of interracial parents in South Texas, Hurd survived the back alleys of dangerous places as an CIA officer. He carried that experience into three terms in Congress, where he was, for a time, the House's only Black Republican, representing a 71 percent Latino swing district in Texas that runs along 820 miles of US-Mexico border. As a cyber security executive and innovation crusader, Hurd has worked with entrepreneurs on the cutting edge of technology to anticipate the shockwaves of the future. Hurd draws on his remarkable experience to present an inspiring guide for America. He outlines how the Republican party can look like America by appealing to the middle, not the edges. He maps out how leaders should inspire rather than fearmonger. He forges a domestic policy based on the idea that prosperity should be a

product of empowering people, not the government. He articulates a foreign policy where our enemies fear us and our friends love us. And lastly, he charts a forceful path forward for America's technological future. We all know we can do better. It's time to hit "ctrl alt del" and start the American Reboot.

Smart and Gets Things Done

Joel Spolsky's Concise Guide to Finding the Best Technical Talent

Apress

A "good" programmer

can outproduce five, ten, and sometimes more run-of-the-mill programmers. The secret to success for any software company then is to hire the good programmers. But how to do that? In *Joel on Hiring*, Joel Spolsky draws from his experience both at Microsoft and running his own successful software company based in New York City. He writes humorously, but seriously about his methods for sorting resumes, for finding great candidates, and for interviewing, in person and by phone. Joel's methods are not complex, but they do get to the heart of the matter: how to recognize a great developer when you see one.

Execution

The Discipline of Getting Things Done

Currency

#1 NEW YORK TIMES
BESTSELLER • More

than two million copies in print! The premier resource for how to deliver results in an uncertain world, whether you're running an entire company or in your first management job. "A must-read for anyone who cares about business."—The New York Times When *Execution* was first published, it changed the way we did our jobs by focusing on the critical importance of "the discipline of execution": the ability to make the final leap to success by actually getting things done. Larry Bossidy and Ram Charan now reframe their empowering message for a world in

which the old rules have been shattered, radical change is becoming routine, and the ability to execute is more important than ever. Now and for the foreseeable future: • Growth will be slower. But the company that executes well will have the confidence, speed, and resources to move fast as new opportunities emerge. • Competition will be fiercer, with companies searching for any possible advantage in every area from products and technologies to location and management. • Governments will take on new roles in their national economies, some as partners to business, others imposing constraints. Companies that execute well will be

more attractive to government entities as partners and suppliers and better prepared to adapt to a new wave of regulation. • Risk management will become a top priority for every leader. Execution gives you an edge in detecting new internal and external threats and in weathering crises that can never be fully predicted. Execution shows how to link together people, strategy, and operations, the three core processes of every business. Leading these processes is the real job of running a business, not formulating a “vision” and leaving the work of carrying it out to others. Bossidy and Charan show the importance of being

deeply and passionately engaged in an organization and why robust dialogues about people, strategy, and operations result in a business based on intellectual honesty and realism. With paradigmatic case histories from the real world—including examples like the diverging paths taken by Jamie Dimon at JPMorgan Chase and Charles Prince at Citigroup—Execution provides the realistic and hard-nosed approach to business success that could come only from authors as accomplished and insightful as Bossidy and Charan.

Getting Shit Done

The No-Nonsense Framework for

Closing the Strategy-Execution Gap

Organizations continue to struggle achieving their strategies. Although organizations and industries can identify what needs to change, most strategy-execution efforts fail. Those strategy executions that don't fail outright will limp forward. Staggering price tags, incomplete deliverables, and a demoralized workforce usually lie in the wake of many change efforts. Not that this is a new problem, but the pace of competition and innovation today has substantially raised the stakes of the game. What worked yesterday may not work today, and an organization needs to be dynamic enough to choose new courses of

action and make them a reality. Enough already. Closing the strategy execution gap starts by acknowledging that execution is a distinctive discipline and skillset built over time. By learning how to set better targets, align resources, lead at all levels, deliver results, and build controls around processes, we learn to build a system that ensures what gets done, stays done.

Finish

Give Yourself the Gift of Done *Penguin*

#1 Wall Street Journal bestseller! Jon Acuff, New York Times best-selling author of *Do Over*, *Quitter*, and *Start*, offers strategies for anyone who's ever wondered, "Why can't I

finish what I started?" According to studies, 92 percent of New Year's resolutions fail. You've practically got a better shot at getting into Juilliard to become a ballerina than you do at finishing your goals. For years, I thought my problem was that I didn't try hard enough. So I started getting up earlier. I drank enough energy drinks to kill a horse. I hired a life coach and ate more superfoods. Nothing worked, although I did develop a pretty nice eyelid tremor from all the caffeine. It was like my eye was waving at you, very, very quickly. Then, while leading a thirty-day online course to help people work on their goals, I learned something surprising: The most effective exercises were not those that pushed people to work harder. The ones that got people to the finish line did just the opposite— they took the pressure off. Why? Because the sneakiest obstacle to meeting your goals is not laziness, but perfectionism. We're our own worst critics, and if it looks like we're not going to do something right, we prefer not to do it at all. That's why we're most likely to quit on day two, "the day after perfect"—when our results almost always underperform our aspirations. The strategies in this book are counterintuitive and might feel like cheating. But they're based on studies conducted by a university researcher with hundreds of participants. You might

not guess that having more fun, eliminating your secret rules, and choosing something to bomb intentionally works. But the data says otherwise. People who have fun are 43 percent more successful! Imagine if your diet, guitar playing, or small business was 43 percent more successful just by following a few simple principles. If you're tired of being a chronic starter and want to become a consistent finisher, you have two options: You can continue to beat yourself up and try harder, since this time that will work. Or you can give yourself the gift of done.

How Successful People Get Ish Done

How did Kobe become one of the best athletes in the world? What made Beyonce, Beyonce? Where's the thin line between success and failure... and for that matter why are New Year resolutions so damn hard to accomplish? Science, brain mapping, pattern recognition, and age-old philosophies are put to a test as we delve deep into the art

of triumph and the habit of success. It's all a matter of reimagining and relaunching who you are. Your biology, your chemistry, and your very DNA for a better you; to be the top performer in your field and station in life. In this book, we will digest and analyze the tales and fables of the greats; the good, the bad, the ugly... and, overall the downright exaggerated. We will chart the habits, rituals, and sketches that promote success, happiness, and victory.- Learn about the monomyth and why we are inherently drawn to supplanting our mentors.- Gain inside knowledge on who you are. Study your default state, pick apart your hiccups, and accentuate your

positive traits. - Enroll in an in-depth account of the secrets of mastering a skill.- Grasp the inside scoop on why your biology is working against you.- Study why residual traits from those long-forgotten days of our Flintstone lifestyle are now pressuring you into running circles around your work.- Determine why "ownership models" are riding your psyche and how market masters are suing these biases against you. All those topics plus a hundred more - not to mention unendorsed celebrity cameos - are just a click away.

Delegating Effectively: A Leader's Guide to Getting Things Done
Center for Creative

Leadership

In today's organizations, leaders are neither able nor expected to do everything themselves. The consequences of trying to do so can be dire. That's why the ability to delegate effectively- to assign new projects and responsibilities to individuals or a team and providing the authority, resources, directions, and support needed to achieve the expected results-is an essential leadership skill. This guidebook outlines the benefits of effective delegation and the fears and concerns that can prevent or hinder it, then offers four key ideas that leaders can use to enable better delegation.

Blueprint for a Book

Tree Farm Books

How to write a novel in the most efficient way by tackling the hardest part before you start to write, from top book coach Jennie Nash "This process makes me want to write, and it makes what I'm writing better. I read it before every draft. It's that good." -KJ Dell'Antonia, New York Times bestselling author of *The Chicken Sisters* Whether you're writing your first novel or your tenth, there is a temptation to pin it to the page before it disappears. It's such a brilliant idea and you can see the whole thing shimmering in your mind, just out of reach. Maybe you do some work on character development and plotting, but you're a racehorse at the gate, ready to run,

ready to write. This book is an argument to stop and define the foundational elements of your story before you keep writing - which means understanding your motivation as a writer, considering your reader's expectations, and making sure your story has a solid structure that will hold up inside and out from beginning to end. This clarity is what gives a novel its power and a writer their confidence. Jennie Nash is the creator of the Book Coach Certification program at Author Accelerator and has taught hundreds of book coaches and thousands of novelists how to use the Blueprint for a Book system-and the Inside Outline at the heart of it - to help them

produce their best work in the most efficient way. "Jennie Nash turned me into a plotter and changed the way I think about approaching any new project. I'm an Inside Outside outline fan for life!" -Alison Hammer, author of *You and Me* and *Us and Little Pieces of Me* "If you are about to start writing or revising your novel - hold up! You need this book before putting fingers to keyboard. It's a step-by-step design-your-novel manual that encapsulates the most important aspect of great story-telling: how to reach deep into your writerly heart and into the heart of the story you want to bring to life." - Janet Fox, author of *The Artifact Hunters* "I will sing the praises of the Inside Outline

forever. It's f*ing genius." -Carla Naumburg, author of *How to Stop Losing Your Sh*t With Your Kids* "The Inside Outline is making writing easier. I can focus more on the writing rather than discovering what the scene is about when I'm creating it. Why isn't every writer using it? Instead, people are plonking down good money to be told ten key steps in writing dialogue or setting a scene. I'm so grateful I'm no longer one of them." - Kate Kimball, first time novelist

The Little Book of Contentment

A Guide To Becoming Happy With Life & Who You Are, While Getting Things Done *Lumen Deo*

Contentment is a super power. If you can learn the skills of contentment, your life will be better in so many ways: You'll enjoy your life more. Your relationship will be stronger. You'll be better at meeting people. You'll be healthier, and good at forming healthy habits. You'll like and trust yourself more. You'll be jealous less. You'll be less angry and more at peace. You'll be happier with your body. You'll be happier no matter what you're doing or who you're with. Those are a lot of benefits, from one small bundle of skills. Putting some time in learning the skills of contentment is worth the effort and will pay off for the rest of your life.

Getting Things Done for Teens

Take Control of Your Life in a Distracting World *Penguin*

An adaptation of the business classic *Getting Things Done* for teenage readers. The most interconnected generation in history is navigating unimaginable amounts of social pressure, both in personal and online interactions. Very little time, focus, or education is being spent teaching and coaching this generation how to navigate this unprecedented amount of "stuff" entering their lives each day. How do we help the overloaded and distracted next generation deal with increasing complexity and help them not only

survive, but thrive? How do we help them experience stress-free productivity and gain momentum and confidence? How do we help them achieve autonomy, so that they can confidently take on whatever comes their way? *Getting Things Done for Teens* will train the next generation to overcome these obstacles and flourish by coaching them to use the internationally renowned *Getting Things Done* methodology. In its two editions, David Allen's classic has been translated into dozens of languages and sold over a million copies, establishing itself as one of the most influential business books of its era, and the ultimate book on personal organization.

Getting Things Done for Teens will adapt its lessons by offering a fresh take on the GTD methodology, framing life as a game to play and GTD as the game pieces and strategies to play your most effective game. It presents GTD in a highly visual way and frames the methodology as not only as a system for being productive in school, but as a set of tools for everyday life. Getting Things Done for Teens is the how-to manual for the next generation--a strategic guidebook for creating the conditions for a fruitful and effective future.

Get Sh*t Done!

From spare room to boardroom in 1,000 days *Penguin UK*

Do you start every day with a 'to do' list? Every year with new resolutions? Do you fantasise about winning the lottery, travelling the world or retiring at forty? Many of us dream big but we never truly believe we can achieve our life's ambitions. But it doesn't have to be like this. It is possible to make dreams come true as Niall Harbison has found out - aged just 33, and within 1000 days of starting a business in his bedroom, he sold it for millions. Before that he had already lived what seemed like a charmed life. As a private chef for billionaires (among other highlights, cooking for Bill Gate's fiftieth birthday) he travelled all over the world, getting paid to do so while enjoying a

lifestyle normally reserved for the rich and famous. But Niall Harbison achieved his dreams despite a serious drink problem and crippling bouts of depression. Now he shares his secrets in *Get Sh*t Done!* *Get Sh*t Done!* contains a unique set of principles and a new way of thinking. It includes 'life hacks' that will help you escape the nine-to-five, overcome your limitations and make the things you dream about actually happen - and quicker than you could ever imagine. Let Niall Harbison be your inspiration. Learn how he got paid to snowboard all day and to surf in Hawaii, still gets paid to go on holiday and has never worked a day in his life. And learn how he doesn't let personal challenges get in the way of his goals. Stop dreaming and instead start getting sh*t done!
