#### **HEALTH - NIILM University**

BRIAN NELSON is Associate Professor of Political Science at Florida International University, USA. "This book is a welcome antidote to the tendencies in recent political science to denigrate and abandon the state as a foundational concept. Nelson tracks the concept of state from antiquity to the present, from inchoate pre-state forms to the modern state, demonstrating in his excellent survey that the anatomy of the state is both relevant and compelling in shaping contemporary political inquiry.
