Something about the illustration in Leslie's books just mesmerizes my 18 month old. She looks intently at every page as I read that baby is happy or baby is sad. Seeing as that is basically what every page says, it gives the reader the ability to explain why baby is

happy or baby is sad based on the picture.

As I've said in other reviews, I love Leslie Patricelli books. Some are saying this

one is repetitive, and they're right. There's not a whole lot of thought in this story, but the pictures guide how you tell it to your kids. "Baby happy, mmm, look, the baby is eating ice cream! Yummy" and so on. You put story to the illustrations.
