In The Talking Greeks, Heath traces the relationship between speech and identity in the ancient Greek world. Specifically, he argues that speech is the central axis of Greek conceptions of self-definition. Speech, according to Heath, provided the basis for the fundamental opposition between human and animal, while control of speech was the central criterion in the Greek categorization of the human Other: women, children, slaves, and non-Greeks.

Friday, May 29, 2020. Many an old story begins with the words, "Long ago, when animals could speak..." invoking a time when the boundary lines between the human and the animal worlds were less clearly drawn than they are today, and more easily crossed. Animals play a vibrant role in the earliest stories from around the globe: tales of animal gods and guardians, animal nurses and paramours, animal thieves and tricksters, animal teachers and ancestors.
