Ultralight Aircraft Market will experience a noticeable growth

Ultralight aviation (called microlight aviation in some countries) is the flying of lightweight, 1- or 2-seat fixed-wing aircraft. Some countries differentiate between weight-shift control and conventional 3-axis control aircraft with ailerons, elevator and rudder, calling the former "microlight" and the latter "ultralight".. During the late 1970s and early 1980s, mostly stimulated by the hang ...
