Q & A: US Targeted Killings and International Law | Human ...

Academics, policymakers, the media, and others regularly debate the international legality of the U.S. government’s targeted killing program. That debate centers on the permissibility of USG targeting under two international legal frameworks: jus ad bellum (which governs the decision of whether or not to use force) and jus in bello (which governs the way that warfare, once undertaken, is conducted).

How the US justifies drone strikes: targeted killing ...

Scholars frequently discuss the domestic legality of the U.S. government’s targeted killing program. That debate boils down to two key questions: first, is the Executive authorized to undertake targeted killings and under what circumstances, and second, do domestic legal constraints either prevent him from engaging in targeted killings or limit the ways in which he may do so.

Legality of U.S. Government's Targeted Killing Program ...

Targeted Killing. The U.S. targeted killing program operates without meaningful oversight outside the executive branch, and essential details about the program still remain secret, including what criteria the government uses to put people on CIA and military kill lists as well as how much evidence is required before it does so. The U.S. Constitution and international law prohibit the use of lethal force outside of armed conflict zones unless it is used as a last resort against a concrete, ...

Targeted Killing | American Civil Liberties Union

Targeted killing is also employed outside hostilities in instances of law enforcement, where there is no other option as to kill the ‘targeted’ individual. In such instance, legal limitations other than the above discussed rules governing the conduct of hostilities under the LOAC have to be considered.
