Book Review: We Live Forever: The Real Truth about Death ...

Futurologist Dr Ian Pearson believes we've very close to cracking immortality. Humans have been trying to find a way to dodge death for years.

Ancient Greek alchemists tried to create a "philosopher's stone" that would let people live forever, but humans have yet to beat death. However, Dr Pearson tells The Sun that there are a number of different ways we could live

forever – as long as you can make it to the year 2050.
