While air source heat pumps don't take up too much outdoor space, the unit will be visible from the outside of your property, so it's best to check with your local planning authority first, to find out if you need planning permission. As the unit is above ground, it will produce a noise similar to that of an air conditioning unit, which could be bothersome to you or your neighbours.

Guide to air source heat pumps - Energy Saving Trust

A penis pump consists of a plastic tube that fits over the penis, a hand or battery-powered pump attached to the tube, and a band that fits around the base of the penis once it is erect (constriction ring). A penis pump is sometimes called a vacuum pump or a vacuum erection device.
