Overcome Your Childhood Emotional Neglect *Morgan James Publishing*

A large segment of the population struggles with feelings of being detached from themselves and their loved ones. They feel flawed, and blame themselves. Running on Empty will help them realize that they're suffering not because of something that happened to them in childhood, but because of something that didn't happen. It's the white space in their family picture, the background rather than the foreground. This will be the first self-help book to bring this invisible force to light, educate people about it, and teach them how to overcome it.

Running on Empty *Holiday House*

A boy shoulders great responsibility for his differently abled parents in this touching middle-grade story. CJ is a runner--and when he's running, he's fast, free, and flying. It was Grandad who taught him to run, and who did a lot more, besides. Grandad always made sure things were in order around CJ's house, because his parents could not. CJ's parents are different, and because they do not have the tools to cope with certain elements of everyday life, it was Grandad who reviewed the water bill, saw to it that the electricity meter had funds, and kept everything else shipshape. But now, with Grandad's sudden passing and Aunt Joan about to have a baby, CJ knows it's up to him to make sure Mum and Dad are okay and to keep the household going. It would be a hard job for any adult, but for a kid who's also starting middle-school and trying to impress the gruff track coach . . . is staying afloat even possible? Through its heartwarming and believable characters, Running on Empty sensitively explores the dynamics of a loving family finding its way forward, and the unexpected helping hands that pitch in along the way. Contemplative Spirituality for Overachievers *WaterBrook*

Learn to live with God instead of for God. In this candid and achingly authentic book, Fil Anderson shares the healing insights that restored his spiritual compass and guided him back to God--the God who specializes in filling empty souls. Fil Anderson had accomplished more for God than most of his contemporaries, but his worn-out body housed an empty soul. His frenetic pace of ministry had earned him just one thing: greater pressure to do even more. He had fallen for the soul-killing lie that doing more for God would give his life meaning. Then the godly admonition of a spiritual director set this burned-out believer on a life-saving spiritual path. Sometimes the only way to get a new life is by running your old one completely into the ground. This powerful story of a reawakened soul can be the story of every person who has pursued spiritual productivity over intimacy with God and come up empty. It's the story of reclaiming your soul and finding a home in the center of God's relentless love. It's the journey from self-importance to God-importance. "To the harried and the unharried, I pray that this book will minister to your heart in the profound way that it has blessed mine." —Brennan Manning

Featured in the recent documentary film, Running America, Ulrich clocked the 3rd fastest transcontinental crossing to date and set new records in multiple divisions. In Running on Empty, he shares the gritty backstory, including brushes with death, run-ins with the police, and the excruciating punishments he endured at the mercy of his maxed-out body. Simple Mercies

How the Works of Mercy Bring Peace and Fulfillment *Our Sunday Visitor*

Healing the Adult Children of Narcissists

Essays on the Invisible War Zone and Exercises for Recovery

Those who have had a narcissistic parent can testify to how damaging it can be to one's psyche. Narcissistic parents lack empathy, show a severe sense of entitlement to micromanage the lives of their children and often subject their children to neglect, as well as emotional, psychological and physical abuse. From the unique challenges daughters of narcissistic fathers face to the ways in which adverse childhood experiences affect our brains, Shahida Arabi's insightful essays resonate deeply with those who have been raised by narcissistic parents. In this new essay collection, Arabi explores how narcissistic abuse in childhood can set us up for trauma repetition in adulthood, affecting how we navigate relationships, the self, and the world. She pinpoints the toxic traits and behaviors of narcissistic mothers and fathers, exposing how covert abuse insidiously plays out in these specific dynamics. She offers the essential tools, skill sets and healing modalities for survivors who have undergone a lifetime's worth of abuse, helping them to break the cycle once and for all for future generations.

Canada and the Indochinese Refugees, 1975-1980 *McGill-Queen's Press - MQUP*

The fall of Saigon in April 1975 resulted in the largest and most ambitious refugee resettlement effort in Canada’s history. Running on Empty presents the challenges and successes of this bold refugee resettlement program. It traces the actions of a few dozen men and women who travelled to seventy remote refugee camps, worked long days in humid conditions, subsisted on dried noodles and green tea, and sometimes slept on their worktables while rats scurried around them – all in order to resettle thousands of people displaced by war and oppression. After initially accepting 7,000 refugees from camps in Guam, Hong Kong, and military bases in the US in 1975, Canada passed the 1976 Immigration Act to establish new refugee procedures and introduce private refugee sponsorship. In July of 1979, the federal government under Prime Minister Joe Clark announced that Canada would accept an unprecedented 50,000 refugees – later increased to 60,000 – more than half of whom would be sponsored by ordinary Canadians. Running on Empty presents gripping first-hand accounts of the government officials tasked with selecting refugees from eight different countries, receiving and matching them with sponsors, and helping churches, civic organizations, and groups of neighbours to receive and integrate the newcomers in cities, towns, and rural communities across Canada. Timely and inspiring, Running on Empty offers essential lessons for governments, organizations, and individuals trying to come to grips with refugee crises in the twenty-first century.

How the Democratic and Republican Parties Are Bankrupting Our Future and What Americans Can Do About It *Farrar, Straus and Giroux*
When Bush came to office in 2001, the 10-year budget balance was officially projected to be at a surplus of \$5.6 trillion. But after three big tax cuts, the bursting of the stock-market bubble, and the devastating effects of 9/11on the economy, the surplus has evaporated, and the deficit is expected to grow to \$ 5-trillion over the next decade. The domestic deficit is only the half of it. Given our \$500 billion trade deficit and our anemic savings rate, we depend on an unprecedented \$2 billion of foreign capital every working day. If foreign confidence were to wane, this could lead to the dreaded hard landing. Peter G. Peterson--a lifelong Republican, chairman of the Blackstone Group, and former secretary of commerce under Nixon--shatters the myths with hard facts and a harrowing view of the twin deficit's real impact. Republicans and Democrats alike have mortgaged America's future through reckless tax cuts, out-of-control spending and Enron-style accounting in Congress. And the situation will only get worse as the Baby Boom generation begins to retire, making unprecedented demands on entitlement programs like Social Security and Medicare. Despite what Bush says, we are on a path that could end in economic meltdown, and we simply cannot grow out of the deficit. In Running On Empty, Peterson sounds the warning bell and prescribes a set of detailed solutions which, if implemented early, will prevent the need for draconian measures later. He takes us behind the politicians' smoke-and-mirror games, and forcefully explains what we must do to rescue the future of our country.

CRUSH

Writers Reflect on Love, Longing, and the Power of Their First Celebrity Crush *HarperCollins*

A star-studded collection of essays from acclaimed and bestselling authors and celebrities that illuminates the lasting power of desire and longing,

and celebrates our initiation into the euphoria, pain, and mystery that is our first celebrity crush. You never forget your first crush . . . CRUSH brings together stories of heartbreak, humiliation, and hilarity from a roster of popular luminaries, including James Franco, Carrie Fisher, Stephen King, Roxane Gay, Jodi Picoult, Emily Gould, and Hanna Rosin, who share intimate memories of that first intense taste of love. Here are funny, whimsical, sometimes cringe-worthy tales of falling head over heels for River Phoenix, Mary Tyler Moore, Howard Cosell, Jared Leto, and a host of other pop culture icons. A few contributors channeled their devotion into obsessively writing embarrassing fan letters. Some taped pics in school lockers. Others decorated their bedroom walls with posters. For tweenaged Karin Tanabe, it was discovering bad boy Andy Garcia—playing the gun-loving mobster Vincent Corleone in The Godfather III. Barbara Graham unsuccessfully staked out an apartment on Park Avenue for a glimpse of her blue-eyed soulmate, Paul Newman. There was only one puppy for six-year-old Jodi Picoult—Donny Osmond—while Jamie Brisick’s pre-teen addiction was Speed Racer. Swoon-worthy and unforgettable, the essays in CRUSH will leave you laughing, make you cry, and keep you enthralled—just like your first celebrity crush.

The Daily Show (The Book)

An Oral History as Told by Jon Stewart, the Correspondents, Staff and Guests *Grand Central Publishing*

NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

The Road *Vintage*

NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

How to Overcome Your Childhood *School of Life Press*

When trying to deal with our current troubles and anxieties, it can be deeply irritating to be asked to consider our childhoods. They happened so long ago; we can probably barely remember, let alone relate to, the little person we once were. But one of the most powerful explanations for why we may, as adults, be struggling, is that we were denied the opportunity to fully be ourselves in our earliest years. Perhaps we were over-disciplined and cowed, not allowed to be wilful or difficult – and so learnt to tell white lies and people-please. Or perhaps our caregivers were preoccupied or fragile and so we had to assume the role of parent, burying our true needs and desires deep underground. When we thoroughly examine our upbringings, the larger implications for our adult selves are clear to see. Once we understand the roots from which our flaws stem, we can set about correcting the harmful behaviours we mistakenly believe to be innate. This book is a guide to better understanding our younger selves in order to shape who we wish to be in the future. It explores to what extent we can pin our actions in the present to our experiences in the past, and how we might then break free from the learnt patterns of our childhoods.

Mercury Rising: John Glenn, John Kennedy, and the New Battleground of the Cold War *W. W. Norton & Company*

A riveting history of the epic orbital flight that put America back into the space race. If the United States couldn't catch up to the Soviets in space, how could it compete with them on Earth? That was the question facing John F. Kennedy at the height of the Cold War—a perilous time when the Soviet Union built the wall in Berlin, tested nuclear bombs more destructive than any in history, and beat the United States to every major milestone in space. The race to the heavens seemed a race for survival—and America was losing. On February 20, 1962, when John Glenn blasted into orbit aboard Friendship 7, his mission was not only to circle the planet; it was to calm the fears of the free world and renew America’s sense of self-belief. Mercury Rising re-creates the tension and excitement of a flight that shifted the momentum of the space race and put the United States on the path to the moon. Drawing on new archival sources, personal interviews, and previously unpublished notes by Glenn himself, Mercury Rising reveals how the astronaut’s heroics lifted the nation’s hopes in what Kennedy called the "hour of maximum danger."

A Proposal to Improve City Finances

It is important for Canada to ensure that municipal funding includes adequate access to resources and the right incentives for municipal politicians to respond to the needs and wishes of their voters. In our search for a better financial model to improve political accountability, we find that an additional tax field for municipalities is generally not warranted, although it is important to provide municipalities with greater flexibility in financing their expenditure responsibilities. We conclude that current tax fields are adequate, since in most provinces, more revenue could be generated from residential property taxes or user fees. Additionally, municipalities can make more use of excise taxes, such as fuel and hotel taxes, to fund transportation and tourism: several cities already share, or have the right to share, in such taxes with the provinces.
