Translational Research Methodology. Translational Research Methodology. Combining Scientific Rigor and Community Engagement to Improve Population Health. Susan Davies, PhD. April 30, 2019. • A rapidly growing discipline in biomedical research which aims to expedite the discovery of new diagnostic tools and treatments by using a multi-disciplinary, highly collaborative approach; often described as the practice of transferring scientific knowledge.

Translational Research Methodology - UAB

Abstract. Abstract. The objective of this article is to initiate a discussion on the definition, use and outcomes of case study research within translation studies. The article argues that the method is widespread in the discipline, especially at postgraduate level, and yet its characteristics and requirements are rather taken for granted and not necessarily elaborated on.

The Case Study Research Method in Translation Studies: The ...

Methodology in Translation Studies. Methodology could be defined as the study of or the body of knowledge relating to method (s). Viewed in other terms, it can be considered as the hallmark or defining feature of a discipline or an approach within a discipline. In this respect any methodology is the site of constant contention, refinement and re-evaluation (Kuhn 1962).

Flynn & Gambier: Methodology in Translation Studies

Quantitative Research Methods in Translation and Interpreting Studies encompasses all stages of the research process that include quantitative research methods, from conceptualization to reporting. In five parts, the authors cover: • sampling techniques, measurement, and survey design; • how to describe data;

Quantitative Research Methods in Translation and ...

Brislin's (1970) model of translation, for example, is considered to be the best method for cross-cultural research (Jones, Lee, Phillips, Zhang, & Jaceldo, 2001). This model suggests recruiting at

least two bilingual people who translate the qualitative research texts, that is, field notes or interview transcripts from the source language (non-English) into the target language (English).

Understanding the Processes of Translation and ...

Translation Studies is an interdisciplinary subject so it is important for students to

learn about various types of methods, perspectives, and standpoints. Students will learn how to adopt these in their own work. Topics covered by the module include translation history, translation of music and performance, audiovisual translation, science in translation, and professional and public service interpreting.
