What Is a Disciple and How Do You Make One?

A Manual for Christian Pastors and Leaders *Charisma Media*

In many ways the church has become more adept at adding members than preparing true Christian disciples. Author and evangelist Mark Swiger believes that bringing souls to Christ and then nurturing them to Christ-like maturity requires an approach that is different from the methods often employed today. Many congregations do not have a clear plan in place for seeing every believer grow to fruitfulness and spiritual maturity. Adding to this problem, sometimes pastors

struggle with knowing how to equip others for the work of the ministry. Swiger has developed a Spirit-led manual for disciples and those who lead them. Part I of his book is for everyone, since every believer is first and foremost a disciple of Jesus. Part II speaks to the particular needs of pastors and leaders who are charged with discipling others. This interactive, biblically based handbook is designed to help the church rediscover the eternal, disciple-making truths and examples found in the Scriptures. God's Word still has the power to transform ordinary believers into disciples who can "turn the world upside down."

Do You Make These Mistakes in English?

The Story of Sherwin Cody's Famous Language School
OUP USA

In this book, linguist

Edwin Battistella tells the story of Sherwin Cody and his famous English course, situating both the man and the course in early twentieth century cultural history. The author shows how Cody became a grammatical entrepreneur and mass-marketer whose ads proclaimed "Good Money in Good English" and asked "Is Good English Worth 25 Cents to You?" This study of the most widely-advertised English education program in history provides a unique window into popular views of language and culture and their connection to ideas of success.

Do Economists Make Markets?

On the Performativity of Economics *Princeton University Press*

Around the globe, economists affect markets by saying what markets are doing, what they should do, and what they will do. Increasingly, experimental economists are even designing real-world markets. But, despite these facts, economists are still largely thought

of as scientists who merely observe markets from the outside, like astronomers look at the stars. Do Economists Make Markets? boldly challenges this view. It is the first book dedicated to the controversial question of whether economics is performative--of whether, in some cases, economics actually produces the phenomena it analyzes. The book's case studies--including financial derivatives markets, telecommunications-frequency auctions, and individual transferable quotas in fisheries--give substance to the notion of the performativity of economics in an accessible, nontechnical way.

Some chapters defend the notion; others attack it vigorously. The book ends with an extended chapter in which Michel Callon, the idea's main formulator, reflects upon the debate and asks what it means to say economics is performative. The book's insights and strong claims about the ways economics is entangled with the markets it studies should interest--and provoke--economic sociologists, economists, and other social scientists. In addition to the editors and Callon, the contributors include Marie-France Garcia-Parpet, Francesco Guala, Emmanuel Didier, Philip Mirowski, Edward Nik-Khah, Petter Holm, Vincent-Antonin Lépinay, and

Timothy Mitchell.

Clothes Really Do Make the Man

My Life as a Fashion Victim *iUniverse*

Written for people who are trying to be what they're wearing but don't have the same taste in clothes that other people would like, *Clothes Really Do Make the Man* contains more than 2,500 jokes and one-liners that offers readers ways they can fashion their own lives into a stylish ensemble that will make them model citizens to everyone they want to meet or didn't want to, anyway. Willidau has patterned a writing style that sews together all the designs he's modeled for his life. Ken Willidau's philosophy is that looking it is as

good as being it if people don't look past that to see the truth that lies within. Willidau fashions himself in a manner that will leave even the most formally dressed person as a casual giggling mess. And you'll be put in stitches, too. Chapters attempt to design a whole person from the clothes he has chosen to show off as his interpretation of himself for others to determine what it is for them to be seeing. Among them, "Mittens on Strings", "Hand-Me-Down Jeans", "Tie-Dyed T-shirt", "Flood Pants", "Balaclava" and "Thinking Cap" are just part of the complete outfit that make the whole man. The walk down the runway is spent with a patchwork of jokes

using wit, dark humour, jokes that will knock your socks off, tongue-in-cheek, jokes needling you gentle reader, plays on words and double entendre humour. Spending your day with Ken will make you look at yourself differently no matter what you think others are seeing for themselves. Clothes Really Do Make the Man provides the perfect cover for those days you want to look like someone who, obviously, reads books and not whatever that is you're wrapped up in now that you've made yourself a slave to fashion to just be read like that yourself. Let's wear a book out.
