Cities In The Urban Age

It tracks how cities like Addis Ababa, London and Delhi have transformed since 1990 and compares patterns of growth, inequality and energy consumption of other global cities including New York, Hong Kong and Rio de Janeiro. *Shaping Cities in an Urban Age* does more than put cities on the map. It identifies current trends that are making cities more fragmented, less equitable and environmentally more damaging, and argues powerfully for a more integrated social, environmental and spatial ...

It introduces the reader to complex ideas and scholarship in urban studies, replete with examples that illustrate practical problems of cities. . . . *Cities in the Urban Age* elevates the importance of engaging with the problems, struggles, and political dimensions of cities and urban life. Dissenting from contemporary urban scholarship, Beauregard challenges narratives of cities as manifestations of social, economic, democratic, and environmental progress."

Cities in the Urban Age: A Dissent, Beauregard

An authoritative – and fascinating – investigation into the spatial and social dynamics of cities at a global scale. Shaping Cities in an Urban Age is the third addition to Phaidon's hugely successful Urban Age series, published in collaboration with the London School of Economics (LSE) and the Alfred Herrhausen Gesellschaft (AHG).. Generously illustrated with photographs, visual data, and ...

Shaping Cities in an Urban Age ARCHITECTURE GENERALE ...

A hyperbolic, equivocal view about the city is still hegemonic among urban scholars and commentators. Such a view portrays cities and urban life in an optimistic and one-sided fashion as the foundations of global economic growth and human progress. Robert Beauregard's Cities in the Urban Age is a 'dissent' from this hegemonic perspective. As the author flatly notes in the preface, 'this assumption of progress is wrong' (p. ix).

Shaping Cities In An Urban Age London

In this self-proclaimed Urban Age, the city is touted as the source of economic prosperity, a nurturer of social and cultural diversity, and a place primed for democracy. Its fertile ground gives rise to innovations that speed society along a path of progress. Without cities, human civilization, we are led to believe, will falter and decay. Not just hyperbolic, this is celebratory by half.
