What is Critical Thinking? Critical Thinking is defined as the ability of putting forth an open-minded inquiry. It is one of the founding stones of human civilization. A person who lives his life bound by pre-conceived notions and doesn't allow people to suggest changes is like a frog in a well. Open-mindedness broadens our horizon by allowing us to listen to different points-of-view and learning from each one of them.

FOR STUDENTS - critical thinking

Introduction To Critical Thinking. Critical thinking is an essential human skill, but it is little-taught. Once upon a time critical thinking courses were held to be essential, but they have since vanished from schoolrooms, either rolled into optional Logic courses (which are deathly boring to most students) or pushed aside simply because teachers and administrators resented students tearing through their arguments.
