And with a major motion picture adaptation of her grandmother's books in the works, Iris can say goodbye to her dream of making her own way in the music industry. When Iris and her brother get invited to the film set in Ireland, she's pretty sure the trip will be a nightmare. Except Iris can't deny the rugged beauty of the Irish countryside. And brushing shoulders with the hot, young cast isn't awful, especially the infuriatingly charming lead actor, Eamon O'Brien. Iris even finds the impassioned female director inspiring. But when the filming falls into jeopardy, everything Iris thought she knew about Elementia—and herself—is in question. Will making a film for the big screen help Iris to see the big picture?

Counterfeit Love *Kregel Publications*

Can this undercover agent save the woman he loves—or is her heart as counterfeit as the money he's been sent to track down? After all that Grandfather has sacrificed to raise her, Theresa Plane owes it to him to save the family name—and that means clearing their debt with creditors before she marries Edward Greystone. But when one of the creditors' threats leads her to stumble across a midnight meeting, she discovers that the money he owes isn't all Grandfather was hiding. And the secrets he kept have now trapped Theresa in a life-threatening fight for

her home—and the truth. After months of undercover work, Secret Service operative Broderick Cosgrove is finally about to uncover the identity of the leader of a notorious counterfeiting ring. That moment of triumph turns to horror, however, when he finds undeniable proof that his former fiancée is connected. Can he really believe the woman he loved is a willing participant? Protecting Theresa and proving her innocence may destroy his career—but that's better than failing her twice in one lifetime. They must form a partnership, tentative though it is. But there's no question they're both still keeping secrets—and that lack of trust, along with the dangerous criminals out for their blood, threatens their hearts, their faith, and their very survival. A pleasing mix of realism, tension, intrigue and romance." —Kirkus Reviews "... a strong, twisty thriller of a debut ... Stark and realistic." —RTBooks Penelope (Lo) Marin has always loved to collect beautiful things. Her dad's consulting job means she's grown up moving from one rundown city to the next, and she's learned to cope by collecting (sometimes even stealing) quirky trinkets and souvenirs in each new place--possessions that allow her to feel at least some semblance of home. But in the year since her brother Oren's death, Lo's hoarding has blossomed into a full-blown, potentially dangerous obsession. She discovers a beautiful, antique butterfly pendant during a routine scour at a weekend flea market, and recognizes

it as having been stolen from the home of a recently murdered girl known only as "Sapphire"--a girl just a few years older than Lo. As usual when Lo begins to obsess over something, she can't get the murder out of her mind. As she attempts to piece together the mysterious "butterfly clues," with the unlikely help of a street artist named Flynt, Lo quickly finds herself caught up in a seedy, violent underworld much closer to home than she ever imagined--a world, she'll ultimately discover, that could hold the key to her brother's tragic death.

Can you love

someone you can never touch? Stella Grant likes to be in control—even though her totally out of control lungs have sent her in and out of the hospital most of her life. At this point, what Stella needs to control most is keeping herself away from anyone or anything that might pass along an infection and jeopardize the possibility of a lung transplant. Six feet apart. No exceptions. The only thing Will Newman wants to be in control of is getting out of this hospital. He couldn't care less about his treatments, or a fancy new clinical drug trial. Soon, he'll turn eighteen and then he'll be able to unplug all these machines and actually go see the world, not just its hospitals. Will's exactly what Stella needs to stay away from. If he so much as breathes on Stella she could lose her spot on the transplant list. Either one of them could die. The only way to stay alive is to stay apart. But suddenly six feet doesn't feel like safety. It feels like punishment. What if they could steal back just a little bit of the space their broken lungs have stolen from them? Would five feet apart really be so dangerous if it stops their hearts from breaking too?

Infinite Jest *Back Bay Books*

A gargantuan, mind-altering comedy about the Pursuit of Happiness in America Set in an addicts' halfway house and a tennis academy, and featuring the most endearingly screwed-up family to come along in recent fiction, Infinite Jest explores essential questions about what entertainment is and why it has

come to so dominate our lives; about how our desire for entertainment affects our need to connect with other people; and about what the pleasures we choose say about who we are. It is an exuberant, uniquely American exploration of the passions that make us human - and one of those rare books that renew the idea of what a novel can do. "The next step in fiction...Edgy, accurate, and darkly witty...Think Beckett, think Pynchon, think Gaddis. Think." --Sven Birkerts, *The Atlantic*

Mortality in the novel "The Fault in Our Stars" by John Green. An exploration of the theme with reference to the cancer patients Hazel Grace and Augustus Waters *GRIN Verlag*

Essay from the year 2015 in the subject English Language and Literature Studies - Literature, , course: IB English, language: English, abstract: "The Fault In Our Stars" is a tragic love story that deals with the sufferings and deaths of cancer patients. John Green borrows the title of the story from Shakespeare's "Julius Caesar", wherein Cassius says, "The fault dear Brutus is not in our stars but in ourselves that we are underlings." But contrary to what Cassius says, this story establishes the conundrum that we are helpless before our destiny. In Green's novel, Hazel and

Augustus are lovers, not unlike “Antony and Cleopatra”, and “Romeo and Juliet.” But what separates them from the legendary lovers is the fact that they are born with cancer in their cells. Their story, although of great love and compassion, will not be written in the pages of history.

100 Days of Sunlight

When 16-year-old poetry blogger Tessa Dickinson is involved in a car accident and loses her eyesight for 100 days, she feels like her whole world has been turned upside-down. Terrified that her vision might never return, Tessa feels like she has nothing left to be happy about. But when her grandparents place an ad in the local newspaper looking for a typist to help Tessa continue writing and blogging, an unlikely answer knocks at their door: Weston Ludovico, a boy her age with bright eyes, an optimistic smile...and no legs. Knowing how angry and afraid Tessa is feeling, Weston thinks he can help her. But he has one condition - no one can tell Tessa about his disability. And because she can't see him, she treats him with contempt: screaming at him to get out of her house and never come back. But for Weston, it's the most amazing feeling: to be treated like a normal person, not just a sob story. So he comes back. Again and again and again. Tessa spurns Weston's "obnoxious optimism", convinced that he has no idea what she's going through. But Weston knows exactly how she feels and reaches into her darkness to show her that there is more than one way to experience the world. As Tessa grows closer to Weston, she finds it harder and harder to imagine life without him -- and Weston can't imagine life without her. But he still hasn't told her the truth, and when Tessa's sight returns he'll

have to make the hardest decision of his life: vanish from Tessa's world...or overcome his fear of being seen. 100 Days of Sunlight is a poignant and heartfelt novel by author Abbie Emmons. If you like sweet contemporary romance and strong family themes then you'll love this touching story of hope, healing, and getting back up when life knocks you down.
