The New Case for Gold Portfolio

"Author and economic commentator James Rickards steps forward to defend gold as both an irreplaceable store of wealth and a standard for currency."--Provided by publisher.

The New Case for Gold Penguin

****USA Today bestseller and Wall Street Journal business bestseller**** They say John Maynard Keynes called gold a "barbarous relic." They say there isn't enough gold to support finance and commerce. They say the gold supply can't increase fast enough to support world growth. They're wrong. In this bold manifesto, bestselling author and economic commentator James Rickards steps forward to defend gold—as both an irreplaceable store of wealth and a standard for currency. Global political instability and market volatility are on the rise. Gold, always a prudent asset to own, has become the single most important wealth preservation tool for banks and individuals alike. Rickards draws on historical case studies, monetary theory, and personal experience as an investor to argue that: • The next financial collapse will be exponentially bigger than the panic of 2008. • The time will come, sooner rather than later, when there will be panic buying and only central banks, hedge funds, and other big players will be able to buy any gold at all. • It's not too late to prepare ourselves as a nation: there's always enough gold for a gold standard if we specify a stable, nondeflationary price. Providing clear instructions on how much gold to buy and where to store it, the short, provocative argument in this book will change the way you look at this "barbarous relic" forever.

The New Case for Gold Penguin UK

In *The New Case for Gold*, James Rickards explains why gold is one of the safest assets for investors in times of political instability and market volatility, and how every investor should look to add gold to his or her portfolio. Drawing on historical case studies, monetary theory and his personal experience as an investor, Rickards argues that gold should be a part of any prudent investor's portfolio.

Currency Wars

The Making of the Next Global Crisis Penguin

In 1971, President Nixon imposed national price controls and took the United States off the gold standard, an extreme measure intended to end an ongoing currency war that had destroyed faith in the U.S. dollar. Today we are engaged in a new currency war, and this time the consequences will be far worse than those that confronted Nixon. Currency wars are one of the most destructive and feared outcomes in international economics. At best, they offer the sorry spectacle of countries' stealing growth from their trading partners. At worst, they degenerate into sequential bouts of inflation, recession, retaliation, and sometimes actual violence. Left unchecked, the next currency war could lead to a crisis worse than the panic of 2008. Currency wars have happened before—twice in the last century alone—and they always end badly. Time and again, paper currencies have collapsed, assets have been frozen, gold has been confiscated, and capital controls have been imposed. And the next crash is overdue. Recent headlines about the debasement of the dollar, bailouts in Greece and Ireland, and Chinese currency manipulation are all indicators of the growing conflict. As James Rickards argues in *Currency Wars*, this is more than just a concern for economists and investors. The United States is facing serious threats to its national security, from clandestine gold purchases by China to the hidden agendas of sovereign wealth funds. Greater than any single threat is the very real danger of the collapse of the dollar itself. Baffling to many observers is the rank failure of economists to foresee or prevent the economic catastrophes of recent years. Not only have their theories failed to prevent calamity, they are making the currency wars worse. The U. S. Federal Reserve has engaged in the greatest gamble in the history of finance, a sustained effort to stimulate the economy by printing money on a trillion-dollar scale. Its solutions present hidden new dangers while resolving none of the current dilemmas. While the outcome of the new currency war is not yet certain, some version of the worst-case scenario is almost inevitable if U.S. and world economic leaders fail to learn from the mistakes of their predecessors. Rickards untangles the web of failed paradigms, wishful thinking, and arrogance driving current public policy and points the way toward a more informed and effective course of action.

The Case for Gold, Second Edition Ludwig von Mises Institute

This is the LvMI 2nd Edition! Pocket sized 5" x 7" and with a new foreword by Llewellyn H. Rockwell, Jr. Here is the revolutionary book on monetary reform - brilliant, compelling, clear, with specific reforms to do now - in an edition for global distribution. See the price. And the format is really a pocket edition edition: extremely small format that is super convenient. This edition is specifically designed to be purchased in large quantities. Had the U.S. followed the recommendations of this wonderful report when it came out in 1982, there would have been no housing bubble, no gigantic government debt, no depression, no economic upheaval, no high unemployment, and no international turmoil. This was a window of opportunity for reform. This is proof that Ron was right. In 1982, Ron Paul served on the U.S. Gold Commission to evaluate the role of gold in the monetary system. In fact, the Commission was his idea. It was carrying forth a promise made in the Republican platform. Back then, Republicans at least made noises about favoring a gold standard

based on a gold dollar. Ron couldn't pick the members, so from the beginning, the deck was stacked. The majority was dominated by monetarists, who saw gold as too scarce and paper as just fine. Ron Paul's team was ready, however, with this marvelous minority report. Rarely has a dissent on a government commission done so much good! The result was *The Case for Gold*, and it was the greatest result of the commission. It covers the history of gold in the United States, explains that its breakdown was caused by governments, and explains the merit of having sound money: prices reflect market realities, government stays in check, and the people retain their freedom. The recommendations include re-establishing a gold standard and a gold dollar in addition to permitting monetary competition and the private production of moneys. The scholarship and rigor impressed even the critics of the minority. Ron and Lewis Lehrman worked with a team of economists that included Murray Rothbard, so it is hardly surprising that such a book would result. It still holds up as an excellent blueprint for moving beyond paper money and into the age of sound money. In particular, Ron favors complete monetary freedom to use any commodity as money, to make contracts in any money, and an end to the monopolization and printing power of the Federal Reserve. There is a strong piece of history in this book. Not since the 19th century has a political figure made such a sweeping and devastating case for radical monetary reform. This congressman ran circles around even the experts at the Fed. A dazzling performance indeed, and an inspiring and learned book. This remains the best possible case for a gold dollar and monetary freedom in print in our times. The pocket edition is the ideal format to give this book the attention and influence it deserves.

Aftermath

Seven Secrets of Wealth Preservation in the Coming Chaos *Penguin*

A Wall Street Journal bestseller Financial expert, investment advisor and New York Times bestselling author James Rickards shows why and how global financial markets are being artificially inflated--and what smart investors can do to protect their assets What goes up, must come down. As any student of financial history knows, the dizzying heights of the stock market can't continue indefinitely--especially since asset prices have been artificially inflated by investor optimism around the Trump administration, ruinously low interest rates, and the infiltration of behavioral economics into our financial lives. The elites are prepared, but what's the average investor to do? James Rickards, the author of the prescient books *Currency Wars*, *The Death of Money*, and *The Road to Ruin*, lays out the true risks to our financial system, and offers invaluable advice on how best to weather the storm. You'll learn, for instance: * How behavioral economists prop up the market: Funds that administer 401(k)s use all kinds of tricks to make you invest more, inflating asset prices to unsustainable levels. * Why digital currencies like Bitcoin and Ethereum are best avoided. * Why passive investing has been overhyped: The average investor has been scolded into passively managed index funds. But active investors will soon have a big advantage. * What the financial landscape will look like after the next crisis: it will not be an apocalypse, but it will be radically different. Those who foresee this landscape can prepare now to preserve wealth. Provocative, stirring, and full of counterintuitive advice, *Aftermath* is the book every smart investor will want to get their

hands on--as soon as possible.

The New Great Depression

Winners and Losers in a Post-Pandemic World *Penguin*

A Wall Street Journal and National Bestseller! The man who predicted the worst economic crisis in US history shows you how to survive it. The current crisis is not like 2008 or even 1929. The New Depression that has emerged from the COVID pandemic is the worst economic crisis in U.S. history. Most fired employees will remain redundant. Bankruptcies will be common, and banks will buckle under the weight of bad debts. Deflation, debt, and demography will wreck any chance of recovery, and social disorder will follow closely on the heels of market chaos. The happy talk from Wall Street and the White House is an illusion. The worst is yet to come. But for knowledgeable investors, all hope is not lost. In *The New Great Depression*, James Rickards, New York Times bestselling author of *Aftermath* and *The New Case for Gold*, pulls back the curtain to reveal the true risks to our financial system and what savvy investors can do to survive -- even prosper -- during a time of unrivaled turbulence. Drawing on historical case studies, monetary theory, and behind-the-scenes access to the halls of power, Rickards shines a clarifying light on the events taking place, so investors understand what's really happening and what they can do about it. A must-read for any fans of Rickards and for investors everywhere who want to understand how to preserve their wealth during the worst economic crisis in US history.

The Death of Money

The Coming Collapse of the International Monetary System *Penguin*

The next financial collapse will resemble nothing in history. . . . Deciding upon the best course to follow will require comprehending a minefield of risks, while poised at a crossroads, pondering the death of the dollar. The U.S. dollar has been the global reserve currency since the end of World War II. If the dollar fails, the entire international monetary system will fail with it. But optimists have always said, in essence, that confidence in the dollar will never truly be shaken, no matter how high our national debt or how dysfunctional our government. In the last few years, however, the risks have become too big to ignore. While Washington is gridlocked, our biggest rivals—China, Russia, and the oil-producing nations of the Middle East—are doing everything possible to end U.S. monetary hegemony. The potential results: Financial warfare. Deflation. Hyperinflation. Market collapse. Chaos. James Rickards, the acclaimed author of *Currency Wars*, shows why money itself is now at risk and what we can all do to protect ourselves. He explains the power of converting unreliable investments into real wealth: gold, land, fine art, and other long-term stores of value.

Gold Is A Better Way

. . . **And Other Wealth Building Secrets Wall Street Doesn't Want You To Know** *Morgan James Publishing*

The shocking truth about where the markets are headed and why owning physical gold—not paper assets—is a far better strategy to building real wealth. An indispensable resource for the everyday investor, *Gold Is A Better Way* turns the strategies recommended by Wall Street on their head and makes the case for a return to sound investing. Adam Baratta strips away all the confusion and complexities surrounding investing and breaks down investment concepts and the simple fundamentals driving markets. He provides a roadmap for how to win at the game of investing and, more importantly, explains the “why” so readers can continue to win. Everyday investors gain tools that allow them to know with certainty they are making sound investment decisions, as well as an understanding of where to diversify investments that have historically performed well. There is a massive environmental shift happening in financial markets. Interest rates are rising and what has been very easy for investors in the past is about to become very hard. Everything people think they know about investing is being turned on its head. It's time to change investing behavior. “A fresh new voice in the world of gold . . . Baratta’s book and cutting edge platform make the undeniable case why gold demands consideration in every portfolio.” —ZeroHedge

Building Wealth with Silver *eBookIt.com*

We are all using dangerous, outdated, old economic strategies to protect and grow our money in the so-called 'new economy.' Most of us don't even know it. Every economy is, in some sense, 'new.' However, applying the rules from an 'older' economy to a 'newer' one during times of transition is a recipe for financial ruin. Economic transitions have been around for centuries . . . the difference is that now they are worldwide in scope and affect everything rather than local in nature with limited affects. While you sleep at night, while you go to work each day, something insidious is actually stealing your financial future. It isn't anyone's fault really. There is a massive reallocation of wealth as we transition into the new economy. There are two sides to this story. Because of the changing rules of money, the greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead. This is nothing new, really. Money has always worked this way. The good news is that average members of the public now have more ways than ever before to understand this process and to take appropriate action. I am sure you are aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold. Gold has intrinsic value and will always prevail in any economy. What most non-investors and investors -- including yourself -- probably you don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich! The price of gold has already risen dramatically, but silver is just beginning its climb. Nine Reasons Why Silver is a Unique Wealth Building Instrument - Silver, like gold, has intrinsic value- Silver has been in a commodity bull cycle since 2000- Silver is a safe hedge against currency inflation- Silver is a security choice during times of financial crisis- Silver is rarer than gold- Silver is used in 90% of all electronics -- and its mostly non-renewable- Silver inventories are very low- Silver leasing -- the scam will be exposed soon- Silver investment markets are expanding thanks to the Chinese What You Will Learn From Building Wealth with Silver You will discover why the Federal Reserve was created and why you

and I have been kept in the dark about its true purpose. You will find out why the U.S. dollar is quietly being destroyed without fanfare and the reason this process is being publically denied and covered up. You will see why unemployment numbers, along with many other economic figures, are rigged, and how we're being lied to about their true significance. The insights you get from the first few chapters alone can change your life. Even if you were to study at Harvard for five years -- which would cost you, by the way, over \$95,000 -- you would not have the knowledge you need to get any closer to this kind of insider information. Learn why silver is the best investment opportunity right now. Get the facts on silver production and consumption, and all the details behind silver's projected five- to eight-fold increase over the next several months.

Rich Dad's Advisors: Guide to Investing In Gold and Silver

Everything You Need to Know to Profit from Precious Metals Now *Business Plus*

"Throughout the ages, many things have been used as currency: livestock, grains, spices, shells, beads, and now paper. But only two things have ever been money: gold and silver. When paper money becomes too abundant, and thus loses its value, man always turns back to precious metals. During these times there is always an enormous wealth transfer, and it is within your power to transfer that wealth away from you or toward you." --Michael Maloney, precious metals investment expert and historian; founder and principal, Gold & Silver, Inc. The Advanced Guide to Investing Gold and Silver tells readers: The essential history of economic cycles that make gold and silver the ultimate monetary standard. How the U.S. government is driving inflation by diluting our money supply and weakening our purchasing power Why precious metals are one of the most profitable, easiest, and safest investments you can make Where, when, and how to invest your money and realize maximum returns, no matter what the economy's state Essential advice on avoiding the middleman and taking control of your financial destiny by making your investments directly.

\$10,000 Gold

Why Gold's Inevitable Rise Is the Investor's Safe Haven *John Wiley & Sons*

The Road to Ruin

The Global Elites' Secret Plan for the Next Financial Crisis *Penguin UK*

The New York Times bestseller that reveals how investors can prepare for the next financial panic - and why it's coming sooner than you think. The global economy has made what seems like an incredible comeback after the financial crisis of 2008. Yet this comeback is artificial. Central banks have propped up markets by keeping interest rates low and the supply of money free-flowing. They won't bail us out again next time. And there will be a next time - soon. In *The Road to Ruin*, bestselling author James Rickards identifies how governments around the world are secretly preparing an alternative strategy for the next big crisis: a lockdown. Instead of printing money to reliquify markets and prop up assets, governments are preparing to close banks, shut down

exchanges and order powerful asset managers not to sell. They're putting provisions in place that will allow them to do so legally. What's more, the global elite has already started making their own preparations, including hoarding cash and hard assets. When the next one comes, it will be the average investor who suffers most - unless he or she heeds Rickards' warning and prepares accordingly. James Rickards is the bestselling author of *Currency Wars* and *The Death of Money*. He is a portfolio manager at West Shore Group and an adviser on international economics and financial threats to the Department of Defence and the US intelligence community. He served as facilitator of the first-ever financial war games conducted by the Pentagon.

Why Gold? Why Now?

The War Against Your Wealth and How to Win It

Investment industry veteran E.B. Tucker shows readers the gold market from the inside. This 3-part book breaks gold down into must know sections. 1. Why Gold? - History reveals an ugly pattern of governments spending tomorrow's hard-earned savings today leaving unknowing savers holding the bag. 2. Why Now? - Recent events foretell a dangerous future for money today. 3. A Gold Market "How To" Manual - From bars to coins and everything in between Tucker walks readers through the gold market in simple terms. There's a reason why the world's elite count gold as a core asset. During periods of financial turmoil, it's invaluable. Gold is the only asset that's not someone else's liability. Apartments rely on paying tenants, stocks rely on company profits, bonds rely on stable interest payments. Gold doesn't rely on anyone or anything for its value. Tucker guides investors in simple terms through the ways to own gold, from physical bars, to coins, and even mining stocks. He reveals his favorite method, gold royalty companies. From a financial novice to an investment professional looking to get up to speed on the gold market, *Why Gold? Why Now?* is the essential guide to the world of gold.

Gold in the Sky *The Floating Press*

Acclaimed sci-fi author Alan E. Nourse offers up an exciting tale of treachery, adventure, and vast wealth in the novel *Gold in the Sky*. The story unfolds among the rarefied and rough-and-tumble crews who mine the surface of asteroids for valuable metals and minerals. Much like the lawless mining towns of the Old West, these groups are made up of rapacious types who will stop at nothing to strike it rich.

Aquarian *MM Books*

Killian knows all about vampires and aliens. They're not real. But when a handsome swimmer climbs into her storm-tossed boat an hour from her summer destination, the worlds of fantasy and reality suddenly collide... Cuttylea Island has no mall, no social scene, and no action. But it does have a mysterious stone tower, ageless islanders, and a secret as astonishing as a mermaid's tale... Before the summer is through, Killian will find the truth of her family's past...and the role she is destined to play in a centuries-old curse.

Thread of Gold Beads

Amelia, daughter of the last independent King of Danhome, King Gbehanzin, is the apple of her father's eye, loved beyond measure by her mother, and overprotected by her siblings. She searches

for her place within the palace amidst conspirators and traitors to the Kingdom. Just when Amelia begins to feel at home in her role as a Princess, a well-kept secret shatters the perfect life she knows. Someone else within the palace also knows and does everything to bring the secret to light. A struggle between good and evil ensues causing Amelia to leave all that she knows and loves. She must flee Danhome with her brother, to south-western Nigeria. In a faraway land, she finds the love of a new family and God. The well-kept secret thought to have been dead and buried, resurrects with the flash of a thread of gold beads. Amelia must fight for her life and what is left of her soul. Set during the French-Danhome war of the late 1890s in Benin Republic and early 1900s in Abeokuta and Lagos, South-Western Nigeria, Thread of Gold Beads is a delicate love story, and coming of age of a young girl. It clearly depicts the strength of the human spirit in the face of adversities.

Triumvirate

Book Three in the Touched Series *Createspace Independent Publishing Platform*

Three young children, Mal, Ari and Martha, have been "touched" and are in possession of enormous talents, bestowed on them by a chance encounter with the Young Master. Now Ari, Mal and Martha find themselves in the wrong place and time because Ari has done the unthinkable, resulting in a perpetual red dawn. But that is the least of their worries! Ari is on the run, while Mal and Martha attempt to keep their enemy at bay. The Strange Man is back and he's got even more sinister tricks up his sleeve ...

The "New" Book of Revelations

9 Steps to Holy Refinement *Createspace Independent Publishing Platform*

This encomium is a thoughtful and respectful, compression of the one and only, Holy bible. Compiled in an attempt to enlighten those who get lost reading the lengthy, but all-important, Word of God; but most importantly, this book conveys the coveted dream of our Almighty God.

Nuggets of Gold

101 Nuggets of Wisdom to Motivate and Inspire *Createspace Independent Publishing Platform*

Two things never change. First, most people have a dream. We want to change the world, to succeed, or to build something that's never been seen before. In addition, we are already feeling the hustle and bustle of life. As a result, many people have given up on their dreams. They've accepted the life of the "good enough." "Nuggets of Gold" is designed to motivate the person "on the go" while never slowing him or her down. It has 101 chapters, each with a nugget of wisdom and a short write-up about it. The reader can complete an entire chapter very quickly and then get on with his or her day.

The Seeds of New Earth (the Silent Earth, Book 2) *CreateSpace*

The Earth is in ruins. Cities and nations destroyed. Mankind is extinct. Brant and Arsha are

synthetics, machines made in the image of people. They dream of bringing humans back into the world and have the technology to succeed, but the obstacles in their way are mounting. Not only are their own conflicting ideals creating a rift between them, but now the sinister Marauders are closing in as they seek revenge on Brant. Out in the wasteland, strange lights and mysterious objects in the sky herald the arrival of new factions that seek to control the region. Even in the once quiet streets of their own city, malevolent forces are beginning to unfurl that threaten the sanctity of everything they hold dear, jeopardising the future that is within their grasp. The Book

Everything you need to know to look after yourself to bring about and maintain perfect health, prosperity, wealth, happiness, quality of life and longevity. It reveals that we are, without realising, not doing enough or the right things to protect our health and prosperity which is equally extremely damaging to nature, wildlife, oceans, sea-life, fresh springs, waterways and air, and us. The Book by Linde utilises new and ancient knowledge from around the world, over the millennia identifying what changes we need to make to enhance every aspect of our lives with simple solutions for almost every situation. It is your most powerful contribution to protecting, nurturing and saving our planet. In summary, 'THE BOOK' Consists of Six Chapters which incorporates a summary within each one: Lifestyle; Food & Nutrition; Medical Care; Mind; Water; and Now Live the final chapter which you can cast your eye over first as it is a synopsis of the complete works. It is highly recommend to read from cover to cover but, it is packed with valuable information to just use as a Reference Manual on a day to day basis. Teaches you how to look after your body and mind to ultimately prevent illness, but also to help regain and maintain perfect health; Provides countless number of practical, realistic & simple tips to easily adopt into your day to day lifestyle improving quality of life, saving time & money and gaining longevity; Fuses together specialised areas in health & mind, lifestyle & environment under one cover; Identifies our day to day toxic exposures that we are unaware of and provides successful resolutions; Gives you complete fundamental knowledge and awareness, to use your courage to take responsibility for your life enhancing your health, prosperity and happiness; Provides you with ancient knowledge and practices to new, from science including quantum physics, to philosophy, psychology, and important detail on nutrition, exercise, energies and medicine; Is very current, answering all the conflicting hype about diets, the next super food or the bad effects of conventional drugs or sugar that are in the media weekly, even daily; For more information please visit www.thebookbook.co.uk

Midas *Createspace Independent Publishing Platform*

Dr. Brooke Spencer always felt different from other girls. Now a successful scientist, she is finally discovering where she belongs: working alongside the brilliant, trailblazing researcher Dr. Charles Samuelson. Dr. Samuelson has recently made a discovery that has eluded philosophers and dreamers for centuries: How to transmute iron into gold. Determined to use the knowledge for good, Dr. Samuelson recruits Brooke to assist him with his new plan, his "Golden Manifesto." But humans are not alone and his discovery has not gone unnoticed. Extraterrestrial visitors seek to control Dr.

Samuelson's Breakthrough, and before long, Brooke is all that stands between Earth and total Destruction. Will she be able to hold her ground? Or will the timeless temptation of gold prove too much for even the strongest of spirits? Brooke will soon face a choice that will make her question her background, her career, and the fate of the planet.

To Timbuktu, (and Back Again) *CreateSpace*

Adventure was one thing, art another, but the main driver for the trip to Timbuktu was to help raise funds for research at the University of Edinburgh for FragileX. Further details can be found on the website, London to Timbuktu for Fragile X. 50 countries visited and now, along with a group of friendly individuals, I had just driven through the Sahara. With these muckers I had ventured deeply into the dark-continent. In this uncertain world there is no guarantee that you will return from any journey, large or small. Some intrepid adventurers like the Victorian, Alexander Gordon Laing, who made it all the way to Timbuktu, but sadly never made it back to his homeland of Scotland - he was slain en-route. I write this promotional e-book to introduce the e-book From Blackpool Tower to Timbuktu, (and back again). The main thing I have learnt is a guess at the scope of things that are yet to be learned - a big scope. Travelling to Timbuktu was part of that scope. A significant theme of this book is autobiography in order to describe the motive; the attempt to make art. I see no fixed issues, rather developmental journeys. I hope you glean something here and that may inspire your own endeavours and that you enjoy this promotional e-book, an introduction to the larger e-book, From Blackpool Tower to Timbuktu, (and back again). Jerry Gordon

Silent Enemies *Createspace Independent Pub*

Cordosa, a small village in Brazil's most southern state of Rio Grande do Sul, is experiencing traumatic illness and loss of life from unknown causes. The population of landless farmers is slowly deteriorating. Jake Parker, ex U.S. Army Intelligence Officer, is assigned as a photojournalist to investigate the possible causes. What he soon discovers is that he will be watched, manipulated and harassed by high ranking United States government officials who will stop at nothing to gain revenge within their own ranks. With lives hanging in the balance, Jake finds himself in the middle of an undetected world of spiritual warfare and a congressional war filled with greed and corruption. As a beautiful young Deaf woman stumbles into the scandal, the hunt begins, and Jake Parker must figure out how to save her life as well as his own.

Rise Above Now

Have you ever questioned life and wonder why you? Can you hear yourself saying, "Is there more to life than this?" I can identify this with you. Did you know? Our brain process approximately 70,000 thoughts on an average day. Often many wonder why so many give up and quit in life. In this book I will show you how to rise above mediocrity. No more settling for less than God's best and only fantasizing about your heart desires - Its time you Rise Above, Now.

The New Magnified Version of Isaiah in Plain English!

The Understandable Version of the Book of Isaiah! *Createspace Independent Publishing Platform*

The Book of Isaiah is very Rich with Metaphors and Similes, if you are in Love with them, or not; but, most Poor People are not: beCause the Metaphors are far too "Foggy" for them to Understand, which Means that they must Practice Reading all such Books, just to get a Good Understanding of them. At any rate, this Version of Isaiah is by far the Best in the World, and is Rated as "Extremely Good" by Well-Educated People. Therefore, it is a "must read" Book, if anyone is Interested in Actually Understanding the Bible. Most People are not; but, that is not a Problem: because most People were not Born to be Masters. Indeed, most were Born to be Good Servants of Good Masters, which is Good: because the Masters are like the Head of the Body of Good Government, which Body must have many other Working Parts and Organs, just to Function Correctly as a Body. Therefore, do not let the Hands Despise the Eyes: beCause, what could the Hands Do without Eyes to Guide them, even if the Eyes belong to some other Person, who can See what is Needed. We suggest that Readers of this Inspired Book take their Sweet Time, and read only a few Chapters each Day, and do not attempt to read the entire Book during one Day, even though it will be Tempting to Finish it, quickly, just to Discover those Precious Parts that make it so Famous and Controversial among Religious Scholars, some of whom are very Perplexed by it: because no one can Rightly Deny that God, himself, is Speaking through "Isaiah," who may have been Reincarnated! Indeed, there is the Possibility of it; but, do not let that "Buck you Out of the Saddle," as a Cowboy might say. Remember that this is a Companion Book of: "The New MAGNIFIED Version of The Book of MOORMUN!" (The Story of the White and Dark Indians in the Americas!), Book 040, which is perhaps the Best Modern Book in the whole World! Yes, unlike the Mutilated Bible, the Book of Mormon is much more Understandable, being "a New Revelation from God," you might say; but, it is nothing quite as Enlightening as the New MAGNIFIED Version, which most Definitely contains New Revelations from the Supreme Ruler of this Heaven and Earth. Therefore, do not let the Sun Set on another Day of Deprivation; but, PLEASE, for your own Sake, Educate yourself with all such Good Books: beCause that is True Wisdom on your part, which will make you Glad that you did. Guaranteed!

Other Realms: Volume One

Other Realms: Volume One is the first book in a new series that collects original short stories by fantasy and sci-fi author Shaun Kilgore. In this volume, you'll be taken to far off fantasy worlds filled with magic, adventure, and the games of noble houses and the plights of brave warriors. This book contains ten stories, including "A Reckoning," "Death To The Messenger," "Midwinter Night," "Oathsworn," "The Beast Of Mern," "The Prophet's Return," "The Risen Queen," "The Ruling," "The Traitor," and "Winds Of Fate."

Her Happy Ever After

Book Three of the Love's Territory Series *Createspace Independent Publishing Platform*

It was only supposed to be a short visit. It turned into a love affair. Melanie White is in trouble. Young, unmarried, with no resources to speak of, she's forced to flee home and hide out with her aunt on a ranch in a western mining town. She's just passing through on her way farther West, and it's a good thing, too: she can't stand the ranch owner. He's rowdy, immature...and undeniably attractive. David Tanner has his life just the way he likes it: he does what he wants, when he wants, and nobody can tell him any different--least of all, his former nanny's niece Melanie, who likes books more than people. But when a family emergency forces Melanie and David to work together, she discovers that there's more to him than meets the eye. And he finds out that life as a bachelor may not be what he likes after all. Contains mild language and sensual content within marriage.

The Book of Awe

Are you awed by the smell of flowers or the busy buzz of the bees?Are you awed by the all of the snow or the rustle of the trees?In The Book of Awe, readers are reminded to take a minute and see the beauty in the everyday things around them.

The Road to Ruin

The Global Elites' Secret Plan for the Next Financial Crisis *Penguin*

The bestselling author of *The Death of Money* and *Currency Wars* reveals the global elites' dark effort to hide a coming catastrophe from investors in *The Road to Ruin*, now a National Bestseller. A drumbeat is sounding among the global elites. The signs of a worldwide financial meltdown are unmistakable. This time, the elites have an audacious plan to protect themselves from the fallout: hoarding cash now and locking down the global financial system when a crisis hits. Since 2014, international monetary agencies have been issuing warnings to a small group of finance ministers, banks, and private equity funds: the U.S. government's cowardly choices not to prosecute J.P. Morgan and its ilk, and to bloat the economy with a \$4 trillion injection of easy credit, are driving us headlong toward a cliff. As Rickards shows in this frightening, meticulously researched book, governments around the world have no compunction about conspiring against their citizens. They will have stockpiled hard assets when stock exchanges are closed, ATMs shut down, money market funds frozen, asset managers instructed not to sell securities, negative interest rates imposed, and cash withdrawals denied. If you want to plan for the risks ahead, you will need Rickards's cutting-edge synthesis of behavioral economics, history, and complexity theory. It's a guidebook to thinking smarter, acting faster, and living with the comforting knowledge that your wealth is secure. The global elites don't want this book to exist. Their plan to herd us like sheep to the slaughter when a global crisis erupts—and, of course, to maintain their wealth—works only if we remain complacent and unaware. Thanks to *The Road to Ruin*, we don't need to be. "If you are curious about what the financial Götterdämmerung might look like you've certainly come to the right place... Rickards believes -- and provides tantalizing snippets of private conversations with those who dwell in the very eye-in-the-pyramid -- that the current world monetary and financial system is on the verge of insolvency and that the world financial elites already have a successor system for which they are laying the groundwork." --Ralph Benko, *Forbes*
