The Journey of Modern Theology: From Reconstruction to Deconstruction by Roger E. Olson. Modernity has been an age of revolutions—political, scientific, industrial and philosophical. Consequently, it has also been an age of revolutions in theology, as Christians attempt to make sense of their faith in light of the cultural upheavals around them, what Walter Lippman once

called the "acids of ...

The Journey of Modern Theology summarises the teaching of the most significant modern theologians and philosophers. It also comments on each one according to their response to Modernity, by which Olsen means the results of the scientific revolution and the widespread adoption of a naturalist worldview in Western society, especially in philosophy, theology and science.
