Empirical definition is - originating in or based on observation or experience. How to use empirical in a sentence. empirical Has Roots in Latin and Greek

Empirical | Definition of Empirical by Merriam-Webster

In addition, Chinese people take great pride in their country and culture, and one reason that many Chinese may find it hard to adapt to the “Western way” of doing things is that many of the Chinese model forms of behavior are stark opposites of the social and behavioral standards held in the West. Some of the more common elements that make up the concept of Sùzhì include the following:
