Peter Paul and Mary

Fifty Years in Music and Life *Charlesbridge*

This carefully crafted and collectible volume tells the intimate story of Peter, Paul, and Mary and their music, in their words and with iconic images that follow their passionate, fifty-year journey to the center of America's heart. Photographs, many rare and never before published, taken over five decades by some of the

world's top photographers, follow them from their earliest performances in the 1960s, when Mary was the most desired, beautiful, and charismatic performer and a new role model for women. Follow the trio as they lead America to discover the passionate soul of folk music. Join the struggle for racial equality, social justice, and freedom in this memorable journey, from the historic 1963 March on Washington with Martin Luther King, Jr., to the trio's appearance before a half million people in 1969 to end the Vietnam War, to their singing at the Hollywood Bowl for Survival Sunday in 1978, helping to launch the anti-nuke movement, the world's first international environmental movement. Through these images, readers will feel and almost hear the trio's songs calling for a

more caring, better world as they performed with a courage and conviction that became for so many the embodiment and soundtrack of their generation's awakening to conscience, to activism, and to a new dream for all of humankind. Peter, Paul, and Mary's songs of defiant hope and a certain unmasked innocence are still a powerful part of our American consciousness, and this book reenacts the history of how the trio marked many lives with their indelible stamp of honesty of the sort we all yearn to recapture and recreate today—for ourselves, our children, and the generations to come.

Suite for Human Nature *Simon and Schuster*

From the legendary songwriter Diane Lampert, based on a musical piece she wrote with Pulitzer Prize and nine-time

Grammy-winning jazz musician Wynton Marsalis, comes an exquisitely illustrated folktale about how we humans got some of our...naughtier traits, and what overcomes them all. Mother Nature is a very busy woman. Her job is to tend to the Earth and all the creatures that dwell there—she must wake up the bulbs and warm the land in spring, she must freeze the ponds and create snow in winter. But more than anything, Mother Nature wanted children of her own. So with twigs and things she made five: Fear, Envy, Hate, Greed, and Fickle. She asks the most helpless of creatures—the poor, wingless humans—to watch over them as she works. But then her children’s wild personalities begin to seep into human nature in a way that Mother Nature never intended. A lilting,

lyrical ode to all of our human shortcomings and the one trait—love—that can overcome them all.

Story Book Party Kit

The Lonely Phone Booth *David R. Godine Publisher*

Remember the days when phone booths stood on every street corner? If you had to make a call, you'd step inside the little

booth, lift the phone off the hook, put a coin in the slot, listen for the click, push the buttons, and hear it ring? And for only 25 cents, in the quiet of the booth, you could call your grandmother, or let the office know you were running late, or get directions for a birthday party. . . This is the story of one of the last remaining phone booths in New York City, the Phone Booth on the corner of West End Avenue and 100th. Everyone used it — from ballerinas and girl scouts, zookeepers and birthday clowns, to cellists and even secret agents! The Phone Booth was so beloved that people would sometimes wait in line to use it. Kept clean and polished, the Phone Booth was proud and happy . . . until, the day a businessman strode by and shouted into a shiny silver object, "I'll be

there in ten minutes!" Soon everyone was talking into these shiny silver things, and the Phone Booth stood alone and empty, unused and dejected. How the Phone Booth saved the day and united the neighborhood to rally around its revival is the heart of this soulful story. In a world in which objects we love and recognize as part of the integral fabric of our lives are disappearing at a rapid rate, here is a story about the value of the analog, the power of the people's voice, and the care and respect due to those things that have served us well over time. With his delightful, witty, and boldly colored illustrations that evoke Miroslav Sasek's mid-century modern aesthetic, Max Dalton simply and elegantly captures the energy and diversity of New York City and its

inhabitants. A beauty to behold and a pleasure to read, *The Lonely Phone Booth* is sure to be a favorite among children and parents alike, and the real Phone Booth, which is still standing at West End Avenue and 100th Street, is worth a field trip!

Growing Up in a Land Called Honalee

The Sixties in the Lives of American Children *University of Missouri Press*

This study examines how the multiple social, cultural, and political changes between John Kennedy's inauguration in 1961 and the end of American involvement in Vietnam in 1973 manifested themselves in the lives of preadolescent American children. Because the preadolescent years are, according to the child development researchers, the most formative, Joel P. Rhodes focuses on the cohort born between 1956 and 1970 who have never been quantitatively defined as a

generation, but whose preadolescent world was nonetheless quite distinct from that of the “baby boomers.” Rhodes examines how this group understood the historical forces of the 1960s as children, and how they made meaning of these forces based on their developmental age. He is concerned not only with the immediate imprint of the 1960s on their young lives, but with how their perspective on the era influenced them as adults.

Ancient Magic

I'm good at two things: finding treasure

and killing demons. Lying low is a close third-but not because I want to be good at hiding. I have to be. I'm a FireSoul, one of the unlucky few to inherit a piece of the dragon's soul. Being born with the dragon's covetousness should be a sweet gig - I have the power to find and steal any type of treasure, including the powers of other supernaturals. But it doesn't come without a price - stealing powers requires that I kill, and others would destroy me if they discover what I am. In a world full of magic, hiding my species is the only way to survive. Finding magical artifacts is the only way to pay the bills. It's a dangerous job when you can barely use your magic, but that's one of the things I like about it. When Aidan Merrick, the most powerful shifter in the city, hired me to find an

ancient scroll, I didn't want to take the job. His immense amount of power reminds me of too much of murky memories from a past I can't remember. But I don't have a choice. The scroll reveals what I am. And if anyone finds out, I'm dead.

There's a Dragon in My Closet *Simon and Schuster*

In this funny and imaginative salute to mischievous little kids, a young boy blames mishaps on the dragon in the closet only he can see. The dragon in the closet can be a bit fickle. One minute he's dancing like a goof and being sweet to the little ones, and the next he's sneaking treats out of the cookie jar and leaving dirty footprints on the carpet. The worst part is that after the dragon causes heaps of trouble, he goes invisible and leaves a little boy to answer

for all his bad behavior...But did the dragon really do it?

On the Farm

Robert William Pickton and the Tragic Story of Vancouver's Missing Women *Vintage*

Now that the publication bans are lifted, you need Stevie Cameron to get the whole story, which includes accounts of Pickton's notoriety that police never uncovered. You need *On the Farm*. Covering the case of one of North America's most prolific serial killer gave Stevie Cameron access not only to the story as it unfolded over many years in two British Columbia courthouses, but also to information unknown to the police - and not in the transcripts of their

interviews with Pickton - such as from Pickton's long-time best friend, Lisa Yelds, and from several women who survived terrifying encounters with him. You will now learn what was behind law enforcement's refusal to believe that a serial killer was at work. Stevie Cameron first began following the story of missing women in 1998, when the odd newspaper piece appeared chronicling the disappearances of drug-addicted sex trade workers from Vancouver's notorious Downtown Eastside. It was February 2002 before Robert William Pickton was arrested, and 2008 before he was found guilty, on six counts of second-degree murder. These counts were appealed and in 2010, the Supreme Court of Canada rendered its conclusion. The guilty verdict was

upheld, and finally this unprecedented tale of true crime can be told. From the Hardcover edition.

It's, 4 Stegosaurus for 1 Triceratops, and 2 Triceratops for 1 Allosaurus. But can they get what they really want: the tremendous, gigantic, ferocious, Tyrannosaurus rex? The math concept of equivalency -- understanding when values are equal -- is introduced in this fast-paced story as two brothers try to beat the clock and make the ultimate trade.

Ellie's Dragon *Candlewick Press (MA)*

From master storyteller Bob Graham comes an adorable and affecting tale about imaginary friends and the

bittersweet nature of growing up. When Ellie is very small, she finds a lovable newborn dragon on a carton of eggs in the grocery store. Ellie calls him Scratch, takes him home, and moves him into her dollhouse. Her mother can't see Scratch, and her teacher doesn't notice when Ellie brings Scratch to preschool, yet her friends are amazed. Ellie is lucky to have an affectionate, house-trained dragon like Scratch! But dragons get quite large as they grow. And Ellie is growing, too, moving from dollhouses to dance parties, not noticing that Scratch's brilliant green scales are beginning to fade a little. . . . Beloved picture-book creator Bob Graham illustrates the joys of imagination and friendship in this touching story. With his signature gentle wit and warm, whimsically detailed

illustrations, he captures the bond between girl and dragon, as well as the changes that come with time's passage. A wistful, quietly thought-provoking tribute to the friends who appear when we need them most, even if it's just for a little while.

Where the Mountain Meets the Moon *Little, Brown Books for Young Readers*

This stunning fantasy inspired by Chinese folklore is a companion novel to *Starry River of the Sky* and the New York Times bestselling and National Book Award finalist *When the Sea Turned to Silver*. In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old

folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the

beloved Year of the Dog and Year of the Rat returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, *Where the Mountain Meets the Moon* is a timeless story reminiscent of *The Wizard of Oz* and Kelly Barnhill's *The Girl Who Drank the Moon*. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.
