Melody, chord and pedals are easier to process than reading every note individually on the page – as those who are new to the organ tend to do. Playing a tune with a chord underneath and a bass note (pedal) at the bottom may work well, especially for those who understand something about chords.

Playing The Pedals On The Church Organ - Reluctant organist

The most efficient way of choosing the pedaling is to use toe-toe-heel-heel technique. This means that we play the first note with the left toe then with the right toe. The third note is played with the left heel and the fourth – with the right heel. After that just start playing with the left toe.

How to Develop a Perfect Pedal Technique by Playing Pedal ...

The pedal exercises here laid down possess one considerable advantage over all the other works hitherto published in Germany – viz. that instead of being merely simple basses laid down for the practitioner, the greater part of them have an accompaniment for the manuals superadded, thereby relieving the monotony which must unavoidably result from a series of mere pedal exercises..
